

ews and Views . . .

and what have you

by BOB CRAIG

We received a real nice letter from T. C. Blankinship this week written from Houston where he has taken his daughter, Pat, to have surgery to remove malignant tissue from her leg. Since the letter was written she has had surgery and is reported to be getting long fine.

T. C. asked us to run a short but real sincere notice of thanks in the paper to the people of Hamlin for all their kind words, means and prayers given to him and his family.

In his letter he says that he has lived here for 19 years and didn't realize how many wonderful people there were here.

T. C. is the type that would not know how many fine people there were here because he has always been too busy helping every one else.

I have always felt that no man can ever accumulate in a lifetime, in money, strength, and goods, to ever be self-sufficient to the point when misfortune comes he can handle it alone. But, the one who helps his fellowman along the way never has to ask for help when he needs it because it is already there.

T. C. has done a good job helping his fellow man and they were quick to come to his aid in time of need.

It is not something that you can really thank anyone for except by just trying to help someone else who is in need.

In a story last week about the local scout troop making a trip to Dallas a couple of words were left out that indicated that Gary Smith who was injured while ice skating just has one parent, his mother.

Some how "Dr. and" failed to get into type.

Gary is the son of Dr. and Mrs. M. L. Smith.

Head Coach D. C. Andrews has been named a member of the North Football team selection committee for the annual North-South football game held each year during the State D. C. will serve with coaches Coaches meeting.

The committee will meet in Fort Worth March 21.

With the approach of Spring, remodeling activities are picking up again around the business district. Clyde Lancaster is remodeling and expanding his store and John Dickie Ferguson is supposed to start this week building an office building in the vacant lot next to Safeway.

The building will house the BCO office and will have space to rent. The BCO is moving from its present location because of the expansion of the Post Office.

All of the merchants and property owners of Hamlin who have expressed their faith in the city's future by their continual improvements to the business district should be commended by all of the people of Hamlin.

They not only are helping themselves but are also helping the town. It is seldom that someone from out of town does not make mention of the fact that there are so many good looking store buildings here.

With the proper encouragement from the people of Hamlin, through their words of appreciation and their patronage, our city can become one of the outstanding cities in this part of the state.

—be—

With the cooperation of the City officials, the school, and the Hamlin Jaycees the two tennis courts at the high school were lighted last fall. When the job was finished too late for the courts to be used very much last year they are being kept real busy this year.

You just about have to stand in line to get court over there now.

This is a valuable addition to the recreational facilities of our city and shows how much can be accomplished when the volunteer groups and the public groups can work together for the benefit of the city.

Heavy Showers

Brief heavy showers Wednesday morning measured .25 inches rainfall.

OLNEY AND COLORADO CITY ADDED TO FOOTBALL SCHEDULE

The 1964 Pied Piper football schedule was released this week by Head Coach D. C. Andrews. The five home and five away schedule reveals two new opponents this year for the Pipers—one, Colorado City, and the other, Olney, is a non-conference foe.

The homecoming game this year will be with Post and will be a Saturday night game again this season.

The Pipers will open action again this year with Rotan and

HAMLIN PLACES THREE ON ALL DISTRICT TEAMS

Barbara Lakey, Phyllis Scarborough and Robert Pearce were named on the All-District basketball team by the coaches of District 6-AA.

Judy Jenkins was named to the girls second team and Kay Hodnett was given a honorable mention. Mike Shivers and Larry Butler were listed in the honorable mention list of the boys selections.

Jones County TB Group to Meet in Anson Tuesday

The annual meeting of the Jones County Tuberculosis Association will be held Mar. 24 at 7 p.m. at Jack's Steak House in Anson according to the president, L. E. Million of Stamford. Annual reports will be given by the executive secretary and treasurer.

Officers will be elected for the coming year. Every person in Jones County who purchased tuberculosis Christmas seals in any amount, or who contributes any amount, is a regular member of this association and is entitled to one vote at this annual meeting. The public is invited to attend.

1963 WORST YEAR IN TEXAS HISTORY FOR HIGHWAY DEATHS

AUSTIN — Texas motorists, barreling along the streets and highways at a clip of 99,000 miles each minute, killed themselves at the rate of one person every three hours and 12 minutes to rack up the worst year in history for traffic tragedy in 1963.

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reported today that DPS Statistical Services officially closed the traffic death book for 1963 at noon Sunday, recording an all-time record of 2,729 motorcid-

"This tragic toll of lives was 308 or 13 per cent higher than in 1962, and 129 or five per cent higher than the previous all-time high of 2,611 in 1956," Garrison said.

"Even though many more miles were traveled last year than in previous years, the fatality rate per 100 million miles traveled increased from 4.9 deaths in 1962 to 5.2 deaths in 1963 to 5.2 deaths in 1963.

"We are shocked and saddened by this terrible loss of human life in our state, which was accompanied by untold suffering among an estimated 161,000 persons who were injured, and a staggering economic loss of \$432,715,000."

In order to point up the magnitude of the traffic situation in an effort to bring about public awareness of its seriousness, Garrison listed these facts:

—The 312 motorcid-

—During 1963 there were 21 days with 15 or more motorcid-

—The most accident in 1963 occurred September 2 in Liberty

will open district play with Stamford.

Colorado City was added to the District 6-AA schedule this year making it necessary for either a non-conference game or an open date somewhere in the conference lineup. Hamlin will take their open date the week before the district action starts and will play Cisco after playing two conference games.

The first three games will have game times of 8:00 p.m. and the last seven will have 7:30 game times.

The schedule is as follows:
Sept. 4—Rotan, here
Sept. 11—Olney, there
Sept. 19—Post, here
Sept. 25—Open
Oct. 2—Stamford, there
Oct. 9—Callinger, here
Oct. 16—Cisco, there
Oct. 23—Haskell, there
Oct. 30—Colorado City, there
Nov. 6—Winters, here
Nov. 13—Anson, here

Pat Blankinship Has Surgery in Houston Tuesday

Pat Blankinship, a patient in M. D. Anderson Hospital in Houston, received surgery there Tuesday morning.

In a call from her father, T. C. Blankinship, following the 3½ hour surgery, he said that a section of tissue had been removed from the left thigh in an effort to remove all malignant tissue. Further study will be made of surrounding tissue but doctors are optimistic. The large nerve in her leg was also removed during the operation.

Mr. Blankinship plans to return home this week. Mrs. Blankinship will stay with her daughter until she is able to return home in 10 to 12 days.

Pat was admitted to Hamlin Memorial Hospital on Mar. 2 and surgery was performed on her left upper thigh on Mar. 3. After reports came back of the presence of malignant tissue, the local doctors made arrangements for her to be transferred to Houston. On Mar. 9 she was carried by ambulance to Houston and tests at the M. D. Anderson Hospital were begun the following day.

WIN FIRST IN SAN ANGELO—Members of the Hamlin Future Farmers of America livestock judging team are pictured with the banner which they received after winning first place at the San Angelo College Livestock Judging Contest held at the San Angelo College farm Saturday. The boys are left to right, Gaylon Moore, Herman White, Bobby White and Jimmy Hawkins. The team was trained by T. C. Blankinship and Milburn Wink. Wink accompanied the boys.

HAMLIN FFA JUDGING TEAM PLACES FIRST SAN ANGELO MEET

Four members of the Hamlin FFA Chapter, Herman White, Bobby White, Gaylon Moore, and Jimmy Hawkins placed first in the San Angelo College Livestock Judging Contest held at the San Angelo College Farm in San Angelo, Saturday. The team was accompanied by Milburn Wink, local advisor who along with T. C. Blankinship trained the team.

The Hamlin team placed 1st in swine judging and received a nice banner for this accomplishment. Herman White tied for high individual in swine judging with a score of 150 points out of a possible 150 points. He received a 3rd place ribbon when the tie was broken.

In the overall contest which includes swine judging, sheep judging, and beef cattle judging, the Hamlin team placed 1st with 1823 points. Other teams in the top five were Midland FFA, 1815; Lorraine FFA, 1814; San Saba FFA, 1803; and Eldorado FFA, 1798. Herman White was 4th high individual in the overall contest with a

score of 634. The team received a trophy for winning first and White a ribbon for 4th high individual.

All four boys also received a western hat from M. L. Leedy and San for being on the winning team.

Seven 4-H Adult Leaders from Jones County to Workshop

Seven 4-H Adult Leaders from Jones County will attend the District Three 4-H Adult Leader Workshop at Lake Brownwood Christian Retreat, March 24, 25, and 26, 1964 according to County Extension Agents, Mrs. Mary Newberry and Kirby Clayton. The 4-H Adult Leader Workshop is sponsored by the Texas 4-H Development Foundation. Each 4-H adult leader will attend the general assemblies and then join different work groups taught by specialists from the Texas Agricultural Extension Service of Texas A & M University.

The seven adult leaders selected for this honor to attend the 4-H Adult Leader Workshop and the work group they will attend are: Mrs. LeRoy Vaughn, Clothing; Mrs. D. C. Rister Jr., Housing and Home Furnishings; Mrs. Troy Vinson, Citizenship; Mrs. J. E. Touchstone, Recreation; Mrs. Gene Rodgers, Foods and Nutrition; Mrs. Troy Vinson, Beef or Organization; and Mr. LeRoy Vaughn, Organization.

Each adult leader attending will learn how to become better 4-H adult leaders so that they can provide boys and girls with the kind of experiences that will help them mature into the kind of citizens of which we can all be proud.

These adult leaders will also have a great challenge to teach the other 4-H adult leaders in Jones County, how to become more effective leaders when they return home. They will assist Mrs. Mary Y. Newberry, County Home Demonstration Agent and Mr. Kirby Clayton, County Agricultural Agent with making and carrying out a plan for Expanding 4-H Club Work in the county including a 4-H Adult Leader Development plan that will provide better opportunities for boys and girls.

Rev. Miller of San Antonio is here conducting a revival which will close Sunday, Mar. 22. He says that they claim no power to heal neither are they "Faith Healers." "Only God can heal in answer to prayer," say the ministers.

The public is cordially invited to attend this special service as well as other services being conducted nightly at 7 p.m. The theme for the revival is "Back To Pentecost."

Letter to Editor

THE HAMLIN HERALD
Hamlin, Texas

Dear Editor:

On behalf of the people of Aspermont, we of the Aspermont Volunteer Fire Department would like to express our thanks and appreciation to the Hamlin Fire Department for their assistance in the hotel fire Saturday night and early Sunday morning. Hamlin is to be commended for their fine fire Department and we appreciate their quick response to our call for aid.

Yours truly,
Howard Quiett, reporter
Aspermont Fire Department

High School Picks Play Entry for District Contest

"The Death of the Hired Man" has been selected as the Hamlin entry in the district one-act play contest to be held in the Hamlin High School auditorium on Monday night, April 6. Beginning at 6 o'clock, five plays will be presented by district schools: Ballinger, Hamlin, Stamford, Haskell, and Winters.

The local cast includes Lewis Lawlis as Silas, Phyllis Scarborough as Mary, Nicky Moore as Warren, and Rose Lovell as Edna, a neighbor. Mrs. Chas. Scott is directing the play, and Paula Kim is student assistant.

This play is an adaptation by Jay Reid Gould of Robert Frost's poem of the same name. The impact of this dramatic presentation is similar to the effect produced by the poem.

Retail Grocers To Meet March 24

W. B. Sears of Odessa, president of Texas Retail Grocers association, will be guest speaker for a general membership meeting of the Abilene District Retail Grocers Association Tuesday, March 24, at 8 p.m. in the Abilene Coca Cola Company Auditorium.

Sears is owner of four super markets in Odessa. Jess Everett of Clyde, president of the Abilene association, said all grocers and representatives of allied food industries in Taylor, Nolan, Shackelford, Jones, Callahan, Eastland, Stephens, Coleman, Runnels, Mitchell, Scurry and Fisher counties have been invited to attend the special meeting.

Rayford Williams Pledges IHR Club

Rayford Williams of Hamlin, a sophomore at McMurry College in Abilene, is a pledge IHR Social Club this semester. He is the son of Mr. and Mrs. E. T. Williams.

While at McMurry, Mr. Williams plans to major in Medical Technology and minor in some related field.

In Hamlin High School he was active in football and track.

GOLF COURSE SETS TOURNEY HERE IN MAY

The Lakeview Golf Club has set May 15, 16 and 17 as dates for their annual Invitational Golf Tournament, according to Dr. M. L. Smith, president.

The 72 hole tourney will be match play with 16 man flights. A \$10.00 entry fee will be charged.

Golf equipment will offered as prizes in each flight with the champion, runner-up and consolation, winners receiving equipment.

Qualifying scores must be turned in by 6 p.m., Friday, May 15, in all flights except the Championship. Scores may be phoned in to SP 4-1026 or write: Lakeview Golf Club.

Nunley Plumbing Hires First Licensed Master Plumber

Nunley Plumbing and Air Conditioning has added a licensed plumber to their staff. Tom Wise, formerly with Cecil Perry Plumbing Company in Abilene holds a master's plumbing license and has had 14 years of experience.

Wise and his wife, Billie Maxine, are members of the Baptist Church. They have four children.

The family will be moving to Hamlin as soon as possible.

Faith Methodist Revival Ends Sun.

Rev. and Mrs. Gene Moore, now being featured as evangelist and vocalists, at Faith Methodist Church, will continue with services at 7:30 p.m. each evening through Sunday.

Rev. Moore is a former pastor of the local church. He and his wife Bobby, have been active in evangelistic work and have also recorded an album of religious songs and hymns.

The public is cordially invited to attend services. Rev. John V. Ferguson is pastor.

Elected to UT Honor Society

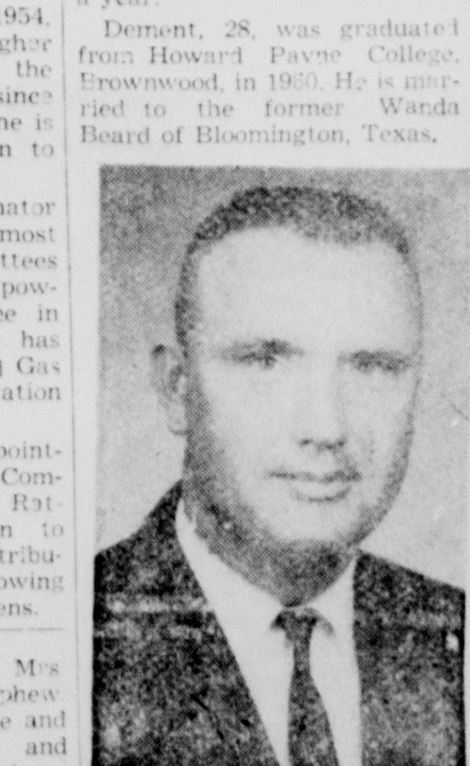

Lana Claude Lancaster, daughter of Mr. and Mrs. Claude Lancaster, 152 North Center, was elected as one of Donnell Hill, J. R. Binnick, versonity of Texas Alpha Chapter of Phi Beta Kappa, leading national scholastic honorary society in the arts and sciences.

Miss Lancaster will receive her bachelor degree in May.

Sam Dement Now With Jones County Farm Bureau

Sam Dement has transferred to the Anson office of the Jones County Farm Bureau from a similar position in Victoria County where he had been for a year.

Dement, 28, was graduated from Howard Payne College, Brownwood, in 1950. He is married to the former Wanda Beard of Bloomington, Texas.

OLD GLORY...

Cynthia Letz, Linda Gholson, Nancy Vahlenkamp, Danny Lammert, Clifford Gholson, Michael Baldree and Marvin Vahlenkamp along with Kenneth Neinst and Tommy Niedeck of Sagerton represented the Sagerton Luther League from St. Paul Lutheran Church at the annual Northwest Conference hosted this year by two Odessa Lutheran Churches. The group was sponsored by Aerline Goerdel and Pastor Fred Scheffel.

A record of 200 Lutherans attended the conference with an inspiring program featuring the Christian at work and at play. The 200 people were housed overnight by the Lutherans in Odessa and the neighboring town of Midland.

New officers of the Northwest Conference for 1964-65 selected as the site for the convention in 1965, 4-H.

The Old Glory girls 4-H Club met last Wednesday at the school and Judy White gave a demonstration on preparing pickled eggs. She also spoke briefly on the value of eggs in

the diet and the problems of poultry marketing.

The group also made plans to participate in the County 4-H Share-the-Fun which is to be held in Aspermont on April 13.

Nancy Vahlenkamp and Judy Sander led the girls in the 4-H Motto, Pledge and Prayer. Lynn and Carol Plamer served refreshments after the meeting.

Mrs. J. B. Pumphrey has returned from a trip to many places of interest in South America.

Mr. and Mrs. Beno Hertenberger were in Abilene two days last week to be with their daughter-in-law, Mrs. Malcolm Hertenberger of Rule, who underwent surgery in Hendricks Memorial Hospital. She is reported to be improving nicely.

Miss Betty Sadberry attended the Texas Home Economics Association held in Fort Worth recently.

Jane Pritchard and Maxine Klump attended the birthday dinner and meeting of the Phi Beta Chapter of the Delta Kappa Gamma in Knox City last Saturday.

party-wise hostess

Easter Egg Charade

This year, the traditional colored Easter egg will boast of new finery and fancy trimmings...at a lively, informal party...at your house.

Let guests (both young and not-so-young) decorate eggs in competition for a most comical and most beautiful prize. Offer a blue ribbon for the best of the famous personalities division and let everyone guess the name. These are the makings for a laughter-filled Easter Egg Charade Party!

Provide all the necessary trimmings you think could help make an egg beautiful or funny. This could include (in addition to the traditional dyes) ribbon, fancy braid and laces, sequins, "glitter," marking pencils, water color paints, puffs of cotton, colored paper, bits of cloth, empty spoons, etc. And don't forget the tools: paste, scissors, brushes, etc. Oh yes, the eggs—cook plenty to allow for a few discards.

Refreshment Idea

Just before the judging, reward all the thirsty guests with tall mugs of:

Prize-winning 7-Up Party Flip

2 cans (6 ounces each) frozen Hawaiian Punch, thawed
3 bottles (7 ounces each) 7-Up, chilled
2 pints pineapple sherbet

Pour Hawaiian Punch into a pitcher. Slowly pour in chilled 7-Up. Place a small scoopful of sherbet into each glass. Slowly pour 7-Up and Hawaiian Punch mixture over sherbet. Makes 2 1/2 quarts or about sixteen (6-ounce) servings. Decorate glasses with maraschino cherries.

STANDARDS FOR GRADES OF WHEAT TO BE TIGHTENED MAY 1

COLLEGE STATION—The U. S. Department of Agriculture will tighten official United States standards for grades of wheat, effective May 1.

In his announcement, Secretary of Agriculture Orville L. Freeman said the new standards would improve the competitive position of U. S. wheat in world markets; help combat restrictive trade policies in some areas; enable the Commodity Credit Corporation to better guarantee the quality of grain owned by the public; provide substantial taxpayer savings in the export subsidy program; and strengthen the price of wheat for the farmer who grows a quality product.

In general, the new standards—based on smaller ranges of tolerance for grades—will mean less dirt, foreign matter and dockage in American wheat. Quality factors of weight, soundness and cleanliness can be more readily and more precisely measured today than in the past.

Maximum limits are set for "total defects"—damaged kernels, foreign material and shrunken and broken kernels.

Total defects in grade No. 1 have been set at 3 percent, in grade No. 2 at 5 percent. Limits are also set in other numerical grades.

Limits for shrunken and broken kernels are cut from 5 to 3 percent for grade No. 1 and 12 percent for grade No. 4 and 20 percent for grade No. 5.

Minimum moisture content for wheat graded "tough" is reduced from 14 or 14.5 percent (depending on the class) to 13.5 percent for all classes. The change also eliminates moisture as a factor in determining sample grade.

"Dockage" is recorded in half percent with other fractions reduced to the nearest whole or half. Dockage is material other than wheat which may be readily removed by cleaning. It is not a grade determining factor but is recorded on inspection certificates.

These changes, explains Tom Aaron, grain marketing specialist for the Texas Agricultural Extension Service, are intended to better reflect the quality of the wheat in the

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

APPOINTMENT BY POPULAR VOTE—Governor Connally, who must make some 850 appointments during his current two-year term of office, decided to let local voters make the decision for him on appointment of a judge for the 100th judicial district.

This district, which embraces Carson, Hall, Donley, Childress and Collingsworth counties, lost its judge with the death of Judge Luther Gribble.

Connally said he will appoint the winner of the Democratic primary election to serve out the remainder of the late Judge Gribble's term. He said, "Since the election is reasonably close at hand, it is my view that the voters should have the opportunity to select a judge of their choosing."

COURT SPEAKS—Supreme Court set arguments for Mar. 18 on a Corpus Christi case testing whether the new Sabbath closing laws can be circumvented by "emergency" purchases.

Nueces County District Attorney Sam L. Jones Jr. pushed the appeal from a Fourth Court of Civil Appeals decision that Shoppers World, Inc. of Corpus Christi complied with the law banning sales of certain items on the Sabbath when it required purchasers to sign certifications of "emergency" before buying.

However, Jones maintains that the certificates amount to a subterfuge, when more than 200 so-called "emergencies" arise on an average Sunday.

SHELL SUIT THROWN OUT—Texas oyster fishermen cannot sustain a lawsuit to nullify the State Parks and Wildlife Commission order permitting shell dredging close to live oyster reefs in Trinity and Galveston Bays.

So ruled District Judge Jack Roberts in agreeing with the position taken by the attorney price received by the producer. During a transitional period after May 1, grain inspectors will, on request, show the grade of wheat under both standards.

general's office that the oyster-men have no vested interest in oysters belonging to the state. Therefore, they cannot appeal the commission order.

SHORT SNORTS

Texas Water Commission approved moving of the site of a proposed \$10,200,000 dam on the salt form of Red River seven miles upstream.

Political Announcements

The Hamlin Herald is authorized to announce the following candidates for office in Jones County subject to action of the Democratic Primaries, May 2 and June 6, 1964.

For County Commissioner, Precinct 1:

JOHNNIE AGNEW (Re-election)

BURNIA REID

For County Attorney:

BEN NIEDECKEN, JR.

CHARLES BROWNFIELD (Re-election)

For County Tax Assessor-Collector:

A. J. FRENCH (Re-election)

For State Representative:

ROY ARLEDGE (Re-election)

For Sheriff:

JAMES F. PIPPIN

DAVE REEVES (Re-election)

BILL LONGLEY

For State Senate, 24th district:

DAVID RATLIFF (Re-election)

Texas Animal Health Commission reported only one sample of screechworms for the entire period of December 29 through February 1.

To make carp more edible, remove the backbone with a pair of pliers before cooking. This eliminates most of the muddy taste.

By MRS. ELMER JOINER

Spring arrives officially this week, but we aren't fooled that winter is entirely over, but at least the worst is over. Nature is beginning to bring things alive, so we know spring isn't far off. One thing, it seems that the old flu bug, might have departed until another year, we hope he never finds his way back, but he usually does.

Sunday being a pretty day, attendance was fair at church, in spite of several being missing.

George Wainwright did not have surgery, as it was reported last week, but plans were made for such, until his doctor advises against it. So for the present he will take medication instead of surgery, and we are glad to report that he is feeling better.

Last Wednesday, an old landmark in our community, the Will Fomby house, was moved to the south part of Hamlin. Mr. and Mrs. Bill Eristow, who

have lived south of town, for many years, will remodel it and move into it, to make their home.

We have learned that Mr. and Mrs. Leon McDonald, former residents of our community, now living in Anson, have joined the ranks of grandpa and grandma. Their daughter, Mrs. John Stokes, of Abilene, gave birth to a seven pound and seven ounce daughter, Frances Ann, March 5 in the Anson General Hospital.

Mrs. Jimmy Joiner, Stamford, ate lunch with Mr. and Mrs. Elmer Joiner, Tuesday, having come over to see about her mother, Mrs. Bailey Meeks, and found her ill in the hospital. As of Sunday she was feeling much better and will soon be able to go home.

Ronald and Jeannie Joiner spent Saturday and Sunday, with their Joiner grandparents, while their mother visited with her mother in the hospital, and with her Daddy, who had been battling the last week.

Winson Gray really had some bad luck last week, when he twisted the axle off his tractor off. He just lifted it up, put a prop under it and went visiting.

The Grays spent the week end in Amarillo, with Mr. and Mrs. Marvin Johnson and sons, Bruce and Harry, also Dorothy Gray, who is working in that city.

The Grays also came by Benjamin, Sunday night, and visited with the Rev. and Mrs. K. E. Wooley and two sons. He is pastoring the Benjamin church again, after going to Oklahoma for some time, and is also barbering again.

Mr. and Mrs. W. C. Henry and Jo, Elgin, Mr. and Mrs. Clois Henry and children, Snyder, spent the week end with their parents, Mr. and Mrs. E. A. Henry.

Mr. and Mrs. Woodrow Goodwin and Linda, went to Crosbyton, Friday night, and visited his sister, Mrs. Bob Hale and son, Goodwin.

Saturday afternoon visitors of the Fred Rosenbaums were, Mr. and Mrs. Nolan Sullivan and their daughter, Mrs. Lorna Blanton, from out on the Plains, Mr. and Mrs. Thomas Moss, Anson, Mr. Sullivan and Mr. Moss are nephews of Mr. Rosenbaum.

Sunday, the Rosenbaums joined them all for lunch and a day of visiting, in the Moss home, Anson.

Rev. and Mrs. J. E. Bagley, Abilene, visited with their granddaughter, Rev. and Mrs. Kenneth Leverett and girls, Saturday afternoon. Other Saturday visitors were Mrs. Ellen Tanner and Larry, also from Abilene.

Mr. and Mrs. Flavil Holmes, Mr. and Mrs. H. L. Ford, Spencer and Diane, visited the Fred Rosenbaums, Saturday night.

Monday night, Mr. and Mrs. Joe Ford, were visitors of the Rosenbaums.

Linda Goodwin spent Sunday afternoon and night, with Suzanne Wicker, in Hamlin.

MARY WORTH

IT IS WONDERFUL TO KNOW THAT LAST YEAR, THROUGH EASTER SEAL CONTRIBUTIONS, 201,315 CRIPPLED CHILDREN WERE GUIDED TOWARD A HAPPIER FUTURE. FOR A CONTINUING PROGRAM OF REHABILITATION FOR THESE CHILDREN AND MANY OTHERS AMONG THE HANDICAPPED, USE EASTER SEALS GENEROUSLY IN 1964.

SENIOR CLASS LEADS HIGH SCHOOL HONOR ROLL WITH 39

Mrs. E. D. Perrin Elected President Of Xi Gamma Pi

Mrs. E. D. Perrin was elected president of Xi Gamma Pi chapter of Beta Sigma Phi at the Thursday afternoon meeting in the home of Mrs. C. Weldon Griggs.

Mrs. Arlie Castle presided. Other officers elected include Mrs. Holly Toler, vice president; Mrs. Weldon Carlton, treasurer; Mrs. Clifford Reynolds Jr., recording secretary; Mrs. George Poe, corresponding secretary; Mrs. Howard Mehaffey, reporter.

Mrs. Reynolds gave the program on "How to Make Friends." Eleven members were present.

County HD Agent Presents Program For HD Club Here

The Friendship Home Demonstration Club met Friday at the Oil Mill Guest House for a program presented by the Jones County Home Demonstration Agent, Mrs. Mary Y. Newberry.

Mrs. Newberry presented a talk on "Work Habits in the Home to Keep You Young."

Mrs. Carl Young conducted the business meeting. Mrs. Bonnie Bingham directed a game for the opening exercise.

Refreshments were served to 13 members and Mrs. Newberry by Mes. Alton Mayfield and Noble Greer.

McCauley Junior 4-H Club Finishes Machine Course

The McCauley Junior 4-H Club met Mar. 11 in the Home-making Building for the final session on "Know Your Sewing Machine."

Those taking the four lessons during the course were Vickie Smart, Annette Cleveland, Sue Smith, Margaret Current, Shirley Gann, Vickie Griffin, Janice Hardy.

The course was taught by adult leaders, Mes. James Smart, W. D. Cleveland and A. A. Smith.

Thursday:
Barbecue on buns
English peas
Creamed potatoes
Carrot and orange salad
Segar cookie
Butter and milk

Sunny Teague Pledges TIP Club

Miss Sunny Teague of Hamlin, a freshman at McMurry College in Abilene, is a pledge of TIP Social Club this semester. She is the daughter of Mr. and Mrs. S. A. Teague.

While in McMurry, Miss Teague plans to major in speech. She has not selected a minor course of study as yet.

While in Hamlin High School, she was in the band, Future Homemakers of America, and Spanish Club.

West Texas State University students Kay Johnson, Linda and Joyce Bingham and Robert Brandon were in Hamlin for the week end.

Mr. and Mrs. A. J. Kinegeart were in Amarillo Sunday and Monday. Mrs. Winegeart's mother, Mrs. Frank Dodson, had surgery Monday.

Finding Lost Arrow
If lost arrows, please report your hunting days by marking the shafts with a red or orange tape. Then after dark go looking for them with a flashlight.

Hand Tales

Hands can be as beguiling as a smile. Lovely hands can be achieved with good grooming and the knowledge of how to use them attractively.

Watch how you use your hands. Rest them gently crossed. An occasional movement can be charming, but avoid busy gestures. Tense or nervous hands indicate emotional turmoil and are distracting and annoying to those about you.

To get the feel of relaxed hands, hold them out before you. Let them dangle loosely and shake them. Note how the fingers are down in graceful curves. Now tighten them into a fist. See how hard and tense they look? Loosen and shake them again and you'll get the feel of relaxed, softness. This exercise which you can do any time you have a few seconds to spare, will help you acquire the relaxed hand habit.

Use a silicone hand cream, especially before going out doors and before you start household chores. It will give your hands a lasting protective coating, and turn away water and water-borne irritants. Give yourself a hand-care treatment, not a harsh manicure. To soften cuticle, use bits of cotton dipped in warm olive oil, soaking each nail.

Never go to bed without applying hand cream. For chapped or rough hands, wear loose cotton gloves at night after a good saturation of silicone hand cream.

Your reward will be hands of beauty.

Herald to Print Children's Pics In Near Future

By Winston G. Lucas of Irving, Texas

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Thursday, March 26.

Pictures will be taken at the White Plaza Hotel from 10 a. m. to 6 p. m.

No Charge to Parents
There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures The Better
This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date Thursday, March 26, bring their children to the photographer.

You will be mighty glad afterwards, if you did and very sorry if you did not permit your children to participate in this event. The kiddies will have fun and both mother and dad and the youngsters too will be very proud to see their pictures in print later.

Appointments may be had by calling Mrs. A. J. Winegeart, SP 4-2284.

bloom 10 days earlier than usual?

Mitchell Jenkins of the North Carolina Agricultural Experiment Station says gladioli will bloom earlier if stored in a warm place just before planting.

In experiments with two varieties, corms stored at 80 degrees for 15 days bloomed 10 days earlier than untreated corms. Flower yields also were higher.

NEWS IN FOODS: POWDERED GRAPEFRUIT JUICE

Another potential new food product from research — powdered grapefruit juice — is ready for market testing to determine consumer acceptance, the U. S. Department of Agriculture reports.

This new powder dissolves in cold water to make a nutritious grapefruit juice with a remarkably fresh flavor, according to scientists of the USDA's Agri-

cultural Research Service and Florida Citrus Commission, who developed the powder.

Like other dehydrated foods, the new grapefruit powder offers substantial savings in shipping and storage costs. Although storage temperatures needed to preserve its quality have not been determined, scientists believe the product will need little or no refrigeration.

Bees orient themselves by the position of the sun in the sky.

SPECIAL SERVICES PRAYER FOR THE SICK

TONIGHT, THURSDAY, MARCH 19 — 7:00 P.M.

REVIVAL SERVICES NIGHTLY AT 7:00 P.M.

Isa. 53:5 "But He was wounded for our transgressions, He was bruised for our iniquities: the chastisement of our peace was upon Him; and WITH HIS STRIPES WE ARE HEALED."

I Peter 2:24 "Who His own self bare our sins in His own body on the tree, that we, being dead to sins, should live unto righteousness: BY WHOSE STRIPES YE WERE HEALED."

James 5:14, 15 "Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: and the prayer of faith shall save the sick, AND THE LORD SHALL RAISE HIM UP; and if he have committed sins, they shall be forgiven him."

Divine healing is based on God's love for us. God so loved the world that He gave His son to die for our salvation, John 3:16 and to bear stripes for our healing, I Peter 2:24.

We claim no power to heal, neither are we "Faith Healers." Only God heals in answer to prayer, James 5:14, 15.

If you have never attended a service where the sick are prayed for, this is your special invitation.

Jones County 4-H Council Has Two Delegates at Meet

Juquan Rister of Hawley and Wayne Mize of Anson, Jones County, 4-H District Council delegates represented Jones County at the District III 4-H council meeting at Roby on Saturday, March 14. They were accompanied by Mrs. D. C. Rister Jr., an adult leader of Hawley and Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. Seventy-six 4-H'ers, adult leaders, and agents from the 22 counties of District III attended the meeting.

Before lunch that was furnished by the Fisher County Farm Bureau and First National Bank of Rotan, the group enjoyed planned recreation.

The business meeting was conducted in the afternoon by the 4-H District Council officers, Fern Hodge and J. G. Simmons, District Agents of Vernon presented council pins.

The group voted to have their Gold Star Banquet in Vernon in December. The exact date to be set later.

Tommy Green of Motley County was elected alternate boy delegate to the State 4-H Council.

The Council selected two adults, a woman and a man from the district to receive a special plaque for recognition of contributions made to the district during the past year. These nominees will be announced at a later date.

HD Agent Gives Tips on Time and Energy Control

by Mary Newberry
Time management is a problem for many people. They plan for better use of time, says worry about failure to get things done, without making a Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent, who has been giving demonstrations on time and energy management.

"Time-use can be analyzed in terms of the familiar questions of what, where, why, when, who, and how," she says.

Persons interested in improving the use of time should plan what they are to do and how much time they allocate to accomplish it. Where they spend their time relates to the question of place, and a worthwhile, well-arranged work area can save considerable time.

Knowing when to do things may pay off in terms of increased productivity immediately, or it may be a matter of "a stitch in time saves nine." An hour for planning early in the day may be worth more than later when one is tired or interest is divided.

Homemakers also need to determine if they are providing a balanced distribution of time among the many planned tasks. They should analyze to see how effectively they are using their time, and if they have the correct environment. Interruptions by telephone calls and visitors can change the work schedule considerably.

HAMLIN CHILDREN WILL STAR IN MOVIES

Melton Barker will arrive in Hamlin soon to produce a two-reel comedy, according to an announcement by Darwin Barnes, manager of the Rogue Theatre. The picture will be made in Hamlin and around 100 children will be used in the cast.

Mr. Barker is a veteran of this field, having spent 25 years in the business, training children and producing film with them. Mr. Barker says it will take about two weeks to get the cast together and rehearsed so that they will be able to perform for the cameras. Then, it will take around one week to do the shooting.

After the cast has been selected, there will be two or three days of rehearsals, teaching them to act before the sound camera. There will be a small charge for training. However, there will be no charge for registering and tryouts.

Children between the ages of 3 and 14 wishing to try out for parts must register at the Rogue Theatre at once. When the casting director arrives in town, he will get in touch with those who have registered and arrange for tryouts.

When the picture has been completed, it will be shown first at the Rogue.

THE HAMLIN HERALD

HAMLIN, JONES COUNTY, TEXAS 79520, MARCH 19, 1964

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — For the first time in history, Texas Republicans will have an opportunity to express their preference for the GOP presidential nomination in a statewide straw poll.

Republican Executive Committee voted to hold the presidential referendum on the May 2 primary ballot. The opinion sampling has no binding effect. Principal purpose is to boost the stock of Barry Goldwater and to lure restless conservative Democrats into the GOP primary.

Democratic Executive Committee offered no special vote bonus to keep their own partisan in the fold. Leaders of both parties, in simultaneous meetings in Austin, declined to submit requested referendums on sale of liquor by the drink and curtailment of Mexican nationals' commuting to jobs in Texas.

Names of Goldwater, Nelson Rockefeller, Margaret Chase Smith and Harold Stassen will appear on the GOP ballot. Originally the names of Richard Nixon, William Scranton, George Romney and Henry Cabot Lodge were included, but they were asked to be omitted. Rockefeller wanted off. He was told he had to stay since he al-

ready had announced. Democrats responded warmly to Gov. John Connally's call for all-out support of President Johnson in party conventions. But they squabbled at length before accepting Dallas as the site of their September 15th state convention. Dallas finally won, 23-18 over Corpus Christi.

Connally made clear in a ringing speech urging Johnson support as governor he plans to keep control of the state party. "It is important . . . to choose people (as convention delegates) who will be as strong for Connally in September as they are for Johnson in June," the Governor stated.

Without dissent the Democrats agreed on Houston as the site for their June 16 state convention to pick national presidential nominating delegates. The state party platform will be written and a new SDEEC selected at the September meeting.

Republicans will hold their June convention in Dallas and their September convention in Austin.

SDEEC Chairman Eugene M. Locke of Dallas resigned at the Democratic meeting and was replaced by Frank Erwin Jr. of Austin. He had served as secretary.

Republicans adopted a resolution calling for a special legislative session on congressional redistricting, and decided to admit registered voters who did not pay their poll taxes (under new federal constitutional authority) to party conventions.

Both committees also got around to their required business: certifying statewide candidates for the primary ballot and selection of a place (Austin) for their May 12 meeting to canvass May 2 election returns.

HOSPITALS LOSING DOCTORS — Texas salaries aren't good enough to keep top doctors on the job at state hospitals, Dr. James M. Schless, director of tuberculosis hospitals, told the hospital board at a recent meeting here.

He cited resignations of doctors at Hartgen State Hospital, East Texas Tuberculosis Hospital, and San Antonio State Hospital and possibility of the McKnight State Hospital clinical director's taking a job in another state.

Key medical jobs in the state institutions pay \$14,000 to \$15,000 a year, plus housing. Schless said the next Legislature will be asked to raise that to \$19,500.

Executive Director Raymond W. Vowell offered the Board of Hospitals and Special Schools a more cheerful note: with completion of new facilities for the mentally retarded (which now house 9,813), the present waiting list of 1,800 may be trimmed to 500 by fall.

Schless also had an encouraging report: average hospitalization period of tuberculosis patients is shorter, and fewer are leaving the hospitals against medical advice. New and improved drugs are offering better hope of quick cure.

STUDY HEARINGS PLANNED — The Governor's Committee on Education Beyond the High School will take its preliminary recommendations before college officials and state legislative groups during late May and June.

Chairman H. B. Zachry, still fighting a running battle with the capital press over secret sessions of the 25-member committee announced the hearings. He said members will reach a tentative decision on recommendations at a meeting here April 17-18.

Committee has balked at telling reporters anything it has agreed on to date except a coordinating committee for all colleges and junior colleges.

A sub-committee on junior colleges reported a list of specific proposals, however, including a recommendation that no more junior colleges be elevated to four-year status. They also recommended that the state pay all instructional costs of the 33 existing and future publicly-supported junior colleges.

Zachry indicated the Committee will propose a "stair-step" or easy-stages approach to achieving a first class system of colleges and universities. He hinted the Committee will make specific recommendations for financing the proposed upgrading program.

APPOINTMENTS MADE — Governor Connally announced appointments of O. E. Bevers of Lakeview and C. C. Broughton and Russell Jones, both of Childress, to the board of directors of the Upper Red River Flood Control and Irrigation District (Hall, Briscoe and Childress Counties). Bevers and Broughton are reappointments. Jones succeeds the late Dr. Roy H. Barr.

Connally reappointed Ben F. Shipley of Beaumont and Neal D. Reader of Port Arthur to the Pilot Commission for the Sabine Bar, Pass and Tributaries. He also named to the commission Lee Wheat of Beaumont, Bill Sexton of Orange and W. F. Fredeman of Port Arthur.

COMMITTEES MEET — The new steering committee of the governor's Committee on Aging, headed by Sen. Walter Richter of Gonzales, held its initial meeting, as did the governor's 14-member committee studying electronic data processing equipment in use by the state.

TOURIST PROGRAM IN HIGH GEAR — The Texas Tourist Development Agency reports that national advertising is scheduled for summer issues of the New York Times and Chicago Tribune travel sections and for issues of Sunset, Redbook and Reader's Digest magazines. Some 36 travel writers from other states and Canada are due to take a week-long tour of the state in April to gather material for their columns.

COURTS SPEAK — State Supreme Court has agreed with lower courts that a state tax on gas pipelines is unconstitutional. Decision upheld earlier opinions that the dedicated reserve tax cannot be applied to pipelines holding long-term

contracts to take Texas gas to out-of-state consumers. About \$9,000,000 has been paid to the treasurer under the levy, \$8,500,000 of it under protest.

High court permitted filing of three mandamus petitions involving election controversies.

It also heard arguments on former Fort Worth Councilman Doyle Willis' suit to get on the May 2 Democratic primary ballot as a senate candidate.

In addition, it scheduled hearings on a suit to keep former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate. Both are challenged under a ruling that holders of paid office are ineligible to run for the Legislature during the term to which they were elected or appointed. Both Willis and Jorrie now are out of their old offices.

Another argument was set on a suit to prevent Robert F. Bartlett of Van Zandt County from running for county and district attorney. J. Alton Mills, another candidate for the Van Zandt post, claims Bartlett has not met residence requirements.

For the second time, the Court of Criminal Appeals affirmed the swindling conviction and eight-year prison sentence of Billy Sol Estes.

BACKTAGGING — The "backtagging" of culls and dry cows may be used to solve the growing problem of certifying all Texas counties for brucellosis eradication. Dr. R. G. Garrett, executive director of the Texas Animal Health Commission, and Dr. John Wilbur, Veterinarian in charge of the U. S. animal disease eradication division in Texas, say the backtagging market is in force in several northwestern states.

Under this program, culls and dry cows headed through concentration points on their way to slaughter and marked so that the state, county and herd from which the cow came can be identified.

When the cow goes to slaughter, blood sample is taken and the results of a brucellosis test is recorded. As Dr. Wilbur says, "Brucellosis being what it is, if older female animals are free of the disease, it is pretty certain the herd is free. In this way, about 97 to 98 per cent of the testing could be eliminated."

Dr. Garrett says backtagging could eliminate "down-the-road" testing by between 90 and 97 per cent in a given county.

The animal health officials announced that Texas has entered its third month without a reported case of screwworms.

SHORT SNORTS — As interest bloomed in Texas bluebonnets, the State Highway Department published instructions on their care and feeding.

Attorney General ruled

that out-of-state manufacturers offering fireworks for sale in Texas must be licensed . . . A travel information desk operated by the State Highway Department will be open in the State Capitol seven days a week . . . Texas housewives' chance of buying inedible eggs are only one in 200 today compared to four in 100 five years ago as a result of Texas Egg Law standards and inspection, says Agriculture Commissioner John C. White . . .

Texas Savings and Loan Department set a March 31 hearing on the application for charter of Kendall Savings Association at Boerne . . . March is the peak month of the tornado season in Texas, U. S. Weather Bureau warns . . . Texas water Commission has set a hearing for April 7 on an application by the South Texas Electric Cooperative Inc. to take 222,400 acre feet of water annually from the Guadalupe River in Victoria County.

HAMLIN, TEXAS

DIAL SP 4-1666

For many years the carp was considered absolutely worthless. It was rated as a pest that contained our waters and did no good whatsoever.

Then an angler caught one of these bronze-colored scrappers on sport tackle. That incident shed new light on the carp's personality. Anti-carp sentiment began to waver slightly. Maybe, just maybe, this carp wasn't as bad as most people led us to believe.

When it comes to public relation, the carp is about the sorriest fish that swims. It has carried this stigma of being a pest for so long it doesn't know how to act in its newest role, that of a sport fish. But many people don't cuss the carp anymore. They're too busy having a ball catching it.

Five years ago it was rare to see anyone fishing for carp; today carp fishermen are fairly commonplace on all our Texas lakes. There is good reason for this upsurge in popularity. A piscatorial survey in the Highland Lakes of Central Texas a few years back revealed, for instance, that the balance of fish population was something like 70 per cent rough fish and 30 per cent game fish.

This means, quite simply, that your odds of catching a rough fish are much better than a game fish.

Which brings us back to a much-debated question. Just what is a game fish? One that will hit an artificial bait? If this is the true guidestick, then the carp can't be classified as a game fish. But on the business end of a fishing line, this stubborn battler does itself proud: It is a strong, grudging scrapper that doesn't know what the word "quit" means.

But just because they are plentiful doesn't mean they are easy to catch. Quite the contrary. Carp, and its kinsin' cousin the buffalo, can be just as ornery as a bass at times. The man who succeeds day in and day out, of course, is the person who knows his ABC's of carp fishing technique.

You don't have to travel far to find a supply of catchable carp. They are literally everywhere. All of our man-made lakes carry an astronomical population. So do our streams.

Only worry is getting them congregated in an area. This is best done by baiting. Most popular system is simply to scatter chunks of cottonseed cake in the water or anchor burlap bags of cottonseed meal on the bottom. Carp are attracted to the cottonseed.

Texas Parks and Wildlife Commission (Reagan State Building, Austin) has two free booklets which give the low-down on carp fishing. They are titled "What the Experts Say About Carp Fishing" and "Let's Go Carp Fishing".

In these booklets there are recipes for concocting your own baits. But many commercial baits now on the market are just as good.

These dough baits are best on a tiny treble hook (about the No. 10 size) since the carp has a small, round mouth. Simply mold the bait around the hook, throw it out and sit back and wait. Carp fishing isn't a fast sport. The persons who succeed at it is long on patience.

A carp roots along the bottom, sucking up food with its rough mouth. It will pick up a bait which is lying still on bottom but will ignore one that is moving at all.

A carp telegraphs its bite in a series of light taps. The secret is having a delicate feel, letting the carp get the bait fully inside its mouth before driving the steel home.

Any kind of tackle is suitable for carp fishing. A medium-sized spinning outfit seems to be the universal favorite.

Contrary to popular belief, aren't too lag on the dinner table. Secret is knowing how to prepare them.

Best method we've found is to chunk the fish and cook in a pressure cooker until the meat falls away from the bones. After removing the bones, mold the meat into patties and fry, just as you would fry salmon croquettes.

When they're a rich golden brown, serve with French fries or hushpuppies. I guarantee everyone will come back for seconds.

Accent on Health

J.E. PEAVY, M.D.
Commissioner of Health

Mankind has always been faced with the riddle of life and death.

This problem increases, as does age, along with maturity and broadening responsibilities, and infectious diseases plagued centuries ago, war, famine and infectious diseases plagued man and limited life expectancy to about thirty years of age. Now with social reforms and better health facilities, people are building their plans for a lifespan of seventy to eighty years. Unfortunately, many of man's greatest hopes and dreams are swept away by sudden, unexpected death.

Although accidental death and suicide certainly account for many unexpected deaths in America, the greatest cause is heart disease. In Texas, as well as the nation, heart disease takes the greatest percentage of lives each year.

Presently, research personnel all over the world are trying to find the key that unlocks the gateway to a life free from coronary artery disease.

High blood pressure, elevation of the serum cholesterol, emotional stress, obesity, cigarette smoking and decreased physical activity have each been identified as factors increasing the risk of heart disease. Heredity is probably a factor of equal importance.

Just as diabetes requires people to take certain precautions to avoid serious trouble, it may be that people carrying a high risk of heart disease will one day choose to act accordingly. They could steer away from some enemies of healthy heart such as inadequate exercise, overweight and cigarette smoking.

Since emotional stress — call it worry if you like — may contribute to the risk of heart disease, don't do it. Have regular physical examinations instead. Your doctor can discover most forms of heart disease in their early stages, but only if you give him the chance to do so. More serious damage can usually be averted or delayed if the condition is found early and the doctor's instructions are fully carried out.

And if you have heart disease, do what your doctor permits — no more and no less.

Emergency medical care of a person having a heart attack may mean the difference between life and death. But if preventative measures are exercised earlier, you may avoid, or at least reduce the chances of having coronary artery disease.

THE HAMLIN HERALD

PHILOSOPHER HAS A NOVEL PLAN FOR TESTING RESULT OF PROPOSED CUT IN FOREIGN AID

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 considers foreign aid from a different angle, his letter this week reveals. Dear editor:

I have never fully, or even half-way understood the foreign aid program, except that I notice that whatever candidate is running for President against the man already in is generally in favor of cutting it, until he gets in. Then he's persuaded by somebody, or maybe by the facts, that the future of the free world depends on foreign aid.

At any rate, I noticed in the paper the other day that Washington is now considering dropping foreign aid to 12 countries, and I've been thinking.

Here's a golden opportunity to find out something.

What the United States ought to do is hire the Gallup Poll people or some such outfit and station them not only in the 12 countries being cut off

from foreign aid but also in 12 other countries still on the aid list.

Their mission would be to find out which countries are the maddest at the United States — or those being cut off or those still getting help.

It's a funny thing, but the more you help some people the madder they get at you for not helping still more, and as far as I can tell, if two countries are going to be mad at us, there's not much difference whether they're mad for getting no help or not enough, except that the former is cheaper. If I was the banker, I believe I'd just as soon have a man mad at me because I wouldn't let him have any money as one who was mad at me because I wouldn't let him both renew his old note and make a new one for still more.

On the other hand, there may be more to foreign aid than I understand. It's possible. There's more to nearly anything

I can think of than I can understand. Yours faithfully, J. A.

YEARS AGO—

FIVE YEARS AGO: Interest of seniors of Hamlin High School in future industrial possibilities was enlisted this week when the Hamlin Board of Community Development agreed to sponsor a local contest among the group in essay writing on "What My Town Can Do To Have More Industry."

Entries are already being received from contestants for the first invitational girl's barrel racing and jackpot calf roping to be staged Sunday, April 5 at the new arena under auspices of the Hamlin Riding Club, reports Mrs. John D. (Dickie) Ferguson, secretary of the club.

TEN YEARS AGO: Hamlin will host this week end for a boxing tournament for representatives of area towns, according to Don McLaughlin, promoter of the bouts. Three teams of Hamlin High School FFA boys will compete in judging contests this week end for area club teams at A.C.C.

FIFTEEN YEARS AGO: Mayor Holly Toler was instructed this week by the Hamlin City Council to request a federal building for Hamlin. The request will be handled through Congressman Omar Burleson.

I. R. Hutchingson, superintendent of Hamlin Schools, has been elected president of the Oil Belt Teachers Association meeting in Wichita Falls last week end.

TWENTY-FIVE YEARS AGO: Mr. and Mrs. P. F. Fannin and daughter, Myrtle, visited their father, L. F. Fannin, and wife at Odell.

Jones County Agricultural conservation office this week received the first batch of 1938 payment checks totaling \$181,797.77, representing 1,288 checks payable under 844 applications.

E. A. Moore of San Angelo is spending the week here visiting in the home of his niece, Mrs. M. T. Hudson.

THIRTY-FIVE YEARS AGO: Plans for a new high school building for Hamlin that would handle 400 students are being considered by the school board. Plant of the Texas Cement Plaster Company (now Colotex) six miles west of Hamlin, is enlarging its wall board department. New machinery and other facilities will enable the plant to double its present capacity.

A THIRSTY LAND

Men have a thirst and a longing for goodness and righteousness. Even the most parched soul is touched by acts of kindness, forgiveness, and love. Jesus said, "Whoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

May all who are thirsty for a oneness with man and with God find satisfaction and fulfillment by attending church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PATTERNS FOR PROGRESS

NATURAL RESOURCES

... basic factor in economic development

Many industries are established close to natural resources. One is pictured above — the Bestwall Gypsum Company near Quanah, where gypsum wall board and allied products are made. It is near Quanah because of large gypsum deposits there, and is a perfect illustration of the economic value of a natural resource to a community.

Employing 200 people, it adds payrolls, increases consumer sales, builds deposits in banks such as the one pictured left, and is a major factor in the Quanah economy.

This is a PATTERN FOR PROGRESS.

It is because here is a manufacturer using a natural resource. National studies show that each 100 new factory workers in a community increase local personal income by \$660,000, bank deposits by \$229,000, and create 65 new nonmanufacturing jobs, besides increasing all types of consumer sales.

The manufacture of natural resources pays big profits to a community, and almost every community has natural resources subject to development. WTU urges every community to assess and evaluate its own natural resources as a basic step in economic development.

ews and Views...

and what have you

by BOB CHAIG

We received a real nice letter from T. C. Blankinship this week written from Houston where he has taken his daughter, Pat, to have surgery to remove malignant tissue from her leg. Since the letter was written she has had surgery and is reported to be getting long fine.

T. C. asked us to run a short, but real sincere notice of thanks in the paper to the people of Hamlin for all their kind words, means and prayers given to him and his family.

In his letter he says that he has lived here for 19 years and didn't realize how many wonderful people there were here. T. C. is the type that would not know how many fine people there were here because he has always been too busy helping every one else.

I have always felt that no man can ever accumulate in a lifetime, in money, strength, and goods, to ever be self-sufficient to the point when misfortune comes he can handle it alone. But, the one who helps his fellowman along the way never has to ask for help when he needs it because it is already there.

T. C. has done a good job helping his fellow man and they were quick to come to his aid in time of need.

It is not something that you can really thank anyone for except by just trying to help someone else who is in need.

—be—

In a story last week about the local scout troop making a trip to Dallas a couple of words were left out that indicated that Gary Smith who was injured while ice skating just has one parent, his mother.

Some how "Dr. and" failed to get into type.

Gary is the son of Dr. and Mrs. M. L. Smith.

Head Coach D. C. Andrews has named a member of the North Football team selection committee for the annual North-South football game held each year during the State D. C. will serve with coaches from Plainview, Albany, St. Jo and Gainesville.

The committee will meet in Fort Worth March 21.

—be—

With the approach of Spring, remodeling activities are picking up again around the business district. Clyde Lancaster is remodeling and expanding his store and John Dickie Ferguson is supposed to start this week building an office building in the vacant lot next to Safeway.

The building will house the BCD office and will have space to rent. The BCD is moving from its present location because of the expansion of the Post Office.

All of the merchants and property owners of Hamlin who have expressed their faith in the city's future by their continual improvements to the business district should be commended by all of the people of Hamlin.

They not only are helping themselves but are also helping the town. It is seldom that someone from out of town does not make mention of the fact that there are so many good looking store buildings here.

With the proper encouragement from the people of Hamlin, through their words of appreciation and their patronage, our city can become one of the outstanding cities in this part of the state.

—be—

With the cooperation of the City officials, the school, and the Hamlin Jaycees the two tennis courts at the high school were lighted last fall. While the job was finished too late for the courts to be used very much last year they are being kept real busy this year.

You just about have to stand in line to get court over there now.

This is a valuable addition to the recreational facilities of our city and shows how much can be accomplished when the volunteer groups and the public groups can work together for the benefit of the city.

Heavy Showers

Brief heavy showers Wednesday morning measured .25 inches rainfall.

OLNEY AND COLORADO CITY ADDED TO FOOTBALL SCHEDULE

The 1964 Pied Piper football schedule was released this week by Head Coach D. C. Andrews. The five home and five away schedule reveals two new opponents this year for the Pipers—one, Colorado City, and the other, Olney, is a non-conference foe.

The homecoming game this year will be with Post and will be a Saturday night game again this season.

The Pipers will open action again this year with Rotan and

HAMLIN PLACES THREE ON ALL DISTRICT TEAMS

Barbara Lakey, Phyllis Scarborough and Robert Pearce were named on the All-District basketball team by the coaches of District 6-AA.

Judy Jenkins was named to the girls second team and Kay Hodnett was given a honorable mention. Mike Shivers and Larry Juttler were listed in the honorable mention list of the boys selections.

Jones County TB Group to Meet in Anson Tuesday

The annual meeting of the Jones County Tuberculosis Association will be held Mar. 24 at 7 p.m. at Jack's Steak House in Anson according to the president, L. E. Million of Stamford. Annual reports will be given by the executive secretary and treasurer.

Officers will be elected for the coming year.

Every person in Jones County who purchased tuberculosis Christmas seals in any amount, or who contributes any amount, is a regular member of this association and is entitled to one vote at this annual meeting. The public is invited to attend.

1963 WORST YEAR IN TEXAS HISTORY FOR HIGHWAY DEATHS

AUSTIN — Texas motorists, barreling along the streets and highways at a clip of 99,000 miles each minute, killed themselves at the rate of one person every three hours and 12 minutes to rack up the worst year in history for traffic tragedy in 1963.

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reported today that DPS Statistical Services officially closed the traffic death book for 1963 at noon Sunday, recording an all-time record of 2,729 motorcyclists.

"This tragic toll of lives was 308 or 13 per cent higher than in 1962, and 129 or five per cent higher than the previous all-time high of 2,611 in 1956," Garrison said.

"Even though many more miles were traveled last year than in previous years, the fatality rate per 100 million miles traveled increased from 4.9 deaths in 1962 to 5.2 deaths in 1963 to 5.2 deaths in 1963.

"We are shocked and saddened by this terrible loss of human life in our state, which was accompanied by untold suffering among an estimated 161,000 persons who were injured, and a staggering economic loss of \$432,715,000."

In order to point up the magnitude of the traffic situation in an effort to bring about public awareness of its seriousness, Garrison listed these facts:

—The 312 motorcyclists in December 1963 was the highest number for any month on record. Second high was 303 in December 1950.

—Only one day during 1963, Tuesday, September 3, was motorcyclist free. It followed Labor Day when 22 persons were killed in traffic.

—On both Sunday, May 5 and Friday, December 20 there were 25 persons killed in 17 accidents.

—During 1963 there were 21 days with 15 or more motorcyclists. There were only 19 in 1962—14 in 61 and 13 in 60.

—The worst accident in 1963 occurred September 2 in Liberty

will open district play with Stamford.

Colorado City was added to the District 6-AA schedule this year making it necessary for either a non-conference game or an open date somewhere in the conference lineup. Hamlin will take their open date the week before the district action starts and will play Cisco after playing two conference games.

The first three games will have game times of 8:00 p.m. and the last seven will have 7:30 game times.

The schedule is as follows: Sept. 4—Rotan, here Sept. 11—Olney, there Sept. 19—Post, here Sept. 25—Open Oct. 2—Stamford, there Oct. 9—Ballinger, here Oct. 16—Cisco, there Oct. 23—Haskell, there Oct. 30—Colorado City, there Nov. 6—Winters, here Nov. 13—Anson, here

Pat Blankinship Has Surgery in Houston Tuesday

Pat Blankinship, a patient in M. D. Anderson Hospital in Houston, received surgery there Tuesday morning.

In a call from her father, T. C. Blankinship, following the 3½ hour surgery, he said that a section of tissue had been removed from the left thigh in an effort to remove all malignant tissue. Further study will be made of surrounding tissue but doctors are optimistic. The large nerve in her leg was also removed during the operation.

Mr. Blankinship plans to return home this week. Mrs. Blankinship will stay with her daughter until she is able to return home in 10 to 12 days.

Pat was admitted to Hamlin Memorial Hospital on Mar. 2 and surgery was performed on her left upper thigh on Mar. 3. After reports came back of the presence of malignant tissue, the local doctors made arrangements for her to be transferred to Houston. On Mar. 9 she was carried by ambulance to Houston and tests at the M. D. Anderson Hospital were begun the following day.

The Hamlin team placed 1st in swine judging and secured a nice banner for this accomplishment. Herman White tied for high individual in swine judging with a score of 150 points out of a possible 150 points. He received a 3rd place ribbon when the tie was broken.

In the overall contest which includes swine judging, sheep judging, and beef cattle judging, the Hamlin team placed 1st with 1823 points. Other teams in the top five were Midland FFA, 1815; Lorraine FFA, 1814; San Saba FFA, 1803; and Eldorado FFA, 1798. Herman White was 4th high individual in the overall contest with a

County where 10 people were killed in a head-on collision near Dayton. The last previous 10-death accident occurred on February 15, 1959 in Hidalgo County under similar circumstances.

—The estimated economic loss from motor vehicle traffic accidents in 1963 was \$13.72 per second.

The Public Safety Director pointed out that 13 per cent statewide increase in traffic deaths in 1963 was reflected almost equally in rural and urban areas. The rural traffic death increase was 13 per cent, while the urban increase was 12 per cent. He added:

"The fact that this increase in traffic fatalities appears to be part of a current national trend — and I might add that many other states had their worst traffic year in 1963 — does not alter the seriousness of our situation here in our home state."

"Certainly, with these facts before them, the people of Texas are challenged to do everything in their power to halt this trend which incidentally, seems to be continuing into the new year."

"The record consistently reflects that two things stand out in general as the leading causes for serious traffic accidents — carelessness and wilful or unwitting disregard for the laws of safety."

"Therefore, we wish to issue an urgent appeal to all Texans to charge themselves with the responsibility of doing a better and safer job of alert driving and thus bring down this terrible toll of lives and suffering and economic loss in our state."

—be—

There will be a work day at the McCaulley Cemetery Tuesday, Mar. 24. All interested persons are asked to bring tools and a basket lunch.

The drink will be furnished for lunch.

THE HAMLIN HERALD
Hamlin, Texas

Dear Editor:

On behalf of the people of Aspermont, we of the Aspermont Volunteer Fire Department would like to express our thanks and appreciation to the Hamlin Fire Department for their assistance in the hotel fire Saturday night and early Sunday morning. Hamlin is to be commended for their fine Fire Department and we appreciate their quick response to our call for aid.

Yours truly,

Howard Quiett, reporter
Aspermont Fire Department

WIN FIRST IN SAN ANGELO—Members of the Hamlin Future Farmers of America livestock judging team are pictured with the banner which they received after winning first place at the San Angelo College Livestock Judging Contest held at the San Angelo College farm Saturday. The boys are left to right, Gaylon Moore, Herman White, Bobby White and Jimmy Hawkins. The team was trained by T. C. Blankinship and Milburn Wink. Wink accompanied the boys.

HAMLIN FFA JUDGING TEAM PLACES FIRST SAN ANGELO MEET

Four members of the Hamlin FFA Chapter, Herman White, Bobby White, Gaylon Moore, and Jimmy Hawkins placed first in the San Angelo College Livestock Judging Contest held at the San Angelo College Farm in San Angelo Saturday. The team was accompanied by Milburn Wink, local advisor who along with T. C. Blankinship trained the team.

The Hamlin team placed 1st in swine judging and secured a nice banner for this accomplishment. Herman White tied for high individual in swine judging with a score of 150 points out of a possible 150 points. He received a 3rd place ribbon when the tie was broken.

In the overall contest which includes swine judging, sheep judging, and beef cattle judging, the Hamlin team placed 1st with 1823 points. Seven 4-H Adult Leaders from Jones County to Workshop

Seven 4-H Adult Leaders from Jones County will attend the District Three 4-H Adult Leader Workshop at Lake Brownwood Christian Retreat, March 24, 25, and 26, 1964 according to County Extension Agents, Mrs. Mary Newberry and Kirby Clayton. The 4-H Adult Leader Workshop is sponsored by the Texas 4-H Development Foundation. Each 4-H adult leader will attend the general assemblies and then join different work groups taught by specialists from the Texas Agricultural Extension Service of Texas A & M University.

The seven adult leaders selected for this honor to attend the 4-H Adult Leader Workshop and the work group they will attend are: Mrs. LeRoy Vaughn, Clothing; Mrs. D. C. Rister Jr., Housing and Home Furnishings; Mrs. Troy Vinson, Citizenship; Mrs. J. E. Touchstone, Recreation; Mrs. Gene Rodgers, Foods and Nutrition; Mr. Troy Vinson, Beef or Organization; and Mr. LeRoy Vaughn, Organization.

Each adult leader attending will learn how to become better 4-H adult leaders so that they can provide boys and girls with the kind of experiences that will help them mature into the kind of citizens of which we can all be proud.

These adult leaders will also have a great challenge to teach the other 4-H adult leaders in Jones County, how to become more effective leaders when they return home. They will assist Mrs. Mary Y. Newberry, County Home Demonstration Agent and Mr. Kirby Clayton, County Agricultural Agent with making and carrying out a plan for Expanding 4-H Club Work in the county including a 4-H Adult Leader Development plan that will provide better opportunities for boys and girls.

M. L. Smiths Win Duplicate Bridge

Dr. and Mrs. M. L. Smith were first place winners in the Tuesday night session of the Hamlin Duplicate Bridge Club. Mr. and Mrs. Grady Bowdry of Stamford shared second with Mrs. Dan Gallagher and Mrs. Gene Kappel.

Mr. and Mrs. Jack Russell placed fourth.

Robert Keith Murff Pledge Class Head

Robert Keith Murff of Hamlin has been elected pledge class president of Sigma Nu, national society fraternity, at North Texas State University.

A sophomore biology major, Murff is the son of Mr. and Mrs. Joe O. Murff of Route 1, Hamlin. He is a 1961 graduate of Hamlin High School.

High School Picks Play Entry for District Contest

"The Death of the Hired Man" has been selected as the Hamlin entry in the district one-act play contest to be held in the Hamlin High School auditorium on Monday night, April 6. Beginning at 6 o'clock, five plays will be presented by district schools: Ballinger, Hamlin, Stamford, Haskell, and Winters.

The local cast includes Lewis Lawlis as Silas, Phyllis Scarborough as Mary, Nicky Moore as Warren, and Rose Lovell as Edna, a neighbor. Mrs. Chas. Scott is directing the play, and Paula Kim is student assistant.

This play is an adaptation by Jay Reid Gault of Robert Frost's poem of the same name. The impact of this dramatic presentation is similar to the effect produced by the poem.

Retail Grocers To Meet March 24

W. B. Sears of Odessa, president of Texas Retail Grocers association, will be guest speaker for a general membership meeting of the Abilene District Retail Grocers Association Tuesday, March 24, at 8 p.m. in the Abilene Coca Cola Company Auditorium.

Sears is owner of four super markets in Odessa.

Jess Pveatt of Clyde, president of the Abilene association, said all grocers and representatives of allied food industries in Taylor, Nolan, Shackelford, Jones, Callahan, Eastland, Stephens, Coleman, Runnels, Mitchell, Scurry and Fisher counties have been invited to attend the special meeting.

Rayford Williams Pledges IHR Club

Rayford Williams of Hamlin, a sophomore at McMurry College in Abilene, is a pledge IHR Social Club this semester. He is the son of Mr. and Mrs. E. T. Williams.

While at McMurry, Mr. Williams plans to major in Medical Technology and minor in some related field.

In Hamlin High School he was active in football and track.

LOUIS T. JOHNSON

GOLF COURSE SETS TOURNEY HERE IN MAY

The Lakeview Golf Club has set May 15, 16 and 17 as dates for their annual Invitational Golf Tournament, according to Dr. M. L. Smith, president.

The 72 hole tourney will be match play with 16 man flights. A \$10.00 entry fee will be charged.

Golf equipment will offered as prizes in each flight with the champion, runner-up and consolation, winners receiving equipment.

Qualifying scores must be turned in by 6 p.m., Friday, May 15, in all flights except the Championship. Scores may be phoned in to SP 4-1026 or write: Lakeview Golf Club.

JENKINS NAMED PRESIDENT OF RIDING CLUB

Ernest Jenkins was elected president of the Hamlin Riding Club at the March 9 meeting in the Farmers and Merchants National Bank Building.

Other officers include John Hudson, vice president; Wesley Nail, secretary treasurer; T. W. Fleniken, Boyd Gibson Billy McIlwain, directors; Prentice Holland, Don Elmore, arena directors; Steve Reynolds, Kenneth Seifres, assistant arena directors; Elmer Brewer, Mrs. John Johnson parade boss, Mrs. Johnson, publicity chairman.

The president, Hudson and Fleniken were elected to take care of arrangements for the rodeo.

Dates for the rodeo have been set for June 11, 12 and 13. Melvin McGarragh of Perryton, stock producer for the rodeo for the past two years will furnish the stock for the show again this year.

Nazarene Revival Now in Progress

Rev. R. H. Hurn of Lubbock evangelist for the revival now in progress at the Church of the Nazarene, will continue with services each evening at 7:30 o'clock through Sunday.

Rev. Hurn, district superintendent of the Abilene District of the Church of the Nazarene for the last five years, was formerly pastor of churches in Kansas, Oklahoma, Georgia and Oregon for 16 years.

Rev. Cecil Stowe is pastor.

Senator Ratliff Named on Study Group on Aging

Governor John Connally has announced the appointment of Senator David Ratliff of Stamford to the Steering Committee of the 73-member Governor's Committee on Aging.

Senator Ratliff represents the 24th Senatorial District composed of 13 West Texas counties. Ratliff has served in the Texas Senate since 1954, having been promoted to higher office after serving in the House of Representatives since 1950. At the present time he is a candidate for re-election to the Senate.

While in the Senate, Senator Ratliff has served on the most important standing committees and was chairman of the powerful Insurance Committee in the 58th Legislature. He has also served on the Oil and Gas and Water and Conservation committees.

In accepting the appointment to the Governor's Committee on Aging, Senator Ratliff will be in a position to make a significant contribution to Texas rapidly growing community of senior citizens.

Saturday visitors of Mrs. Tom Teague were her nephew George Housley of Abilene and children Allen, Lesa, and Valeria. Mrs. Ruth Hart, a sister of Mrs. Teague visited her on Saturday also.

Nunley Plumbing Hires First Licensed Master Plumber

Nunley Plumbing and Air Conditioning has added a licensed plumber to their staff. Tom Wise, formerly with Cecil Perry Plumbing Company in Abilene holds a master's plumbing license and has had 14 years of experience.

Wise and his wife, Billie Maxine, are members of the Baptist Church. They have four children.

The family will be moving to Hamlin as soon as possible.

Faith Methodist Revival Ends Sun.

Rev. and Mrs. Gene Moore, now being featured as evangelist and vocalists at Faith Methodist Church, will continue with services at 7:30 p.m. each evening through Sunday.

Rev. Moore is a former pastor of the local church. He and his wife Bobby, have been active in evangelistic work and have also recorded an album of religious songs and hymns.

The public is cordially invited to attend services. Rev. John V. Ferguson is pastor.

Elected to UT Honor Society

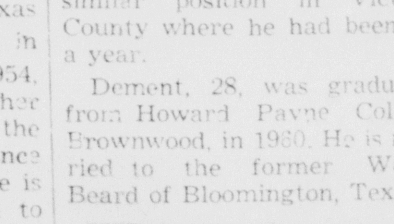

Lana Claude Lancaster, daughter of Mr. and Mrs. Claude Lancaster, 152 North Central, was elected as one of Donnell Hill, J. R. Binnicker, Vernette of Texas Alpha Chapter of Phi Beta Kappa, leading national scholastic honorary society in the arts and sciences.

Miss Lancaster will receive her bachelor degree in May.

Sam Dement Now With Jones County Farm Bureau

Sam Dement has transferred to the Anson office of the Jones County Farm Bureau from a similar position in Victoria County where he had been for a year.

Dement, 28, was graduated from Howard Payne College, Brownwood, in 1960. He is married to the former Wanda Beard of Bloomington, Texas.

SAM DEMENT
... with Farm Bureau

OLD GLORY...

Cynthia Letz, Linda Gholson, Nancy Vahlenkamp, Danny Lammert, Clifford Gholson, Michael Baldree and Marvin Vahlenkamp along with Kenneth Neinst and Tommy Niedieck of Sagerton represented the Sagerton Luther League from St. Paul Lutheran Church at the annual Northwest Conference hosted this year by two Odessa Lutheran Churches. The group was sponsored by Aerline Goedel and Pastor Fred Scheffel.

A record of 200 Lutherans attended the conference with an inspiring program featuring the Christian at work and at play. The 200 people were housed overnight by the Lutherans in Odessa and the neighboring town of Midland.

New officers of the Northwest Conference for 1964-65 selected as the site for the convention in 1965.

The Old Glory girls 4-H Club met last Wednesday at the school and Judy White gave a demonstration on preparing pickled eggs. She also spoke briefly on the value of eggs in the diet and the problems of poultry marketing.

The group also made plans to participate in the County 4-H Share-the-Fun which is to be held in Aspermont on April 13.

Nancy Vahlenkamp and Judy Sander led the girls in the 4-H Motto, Pledge and Prayer. Lynn and Carol Plamer served refreshments after the meeting.

Mrs. J. B. Pumphrey has returned from a trip to many places of interest in South America.

Miss Betty Sadberry attended the Texas Home Economics Association held in Fort Worth recently.

Jane Pritchard and Maxine Klump attended the birthday dinner and meeting of the Phi Beta Chapter of the Delta Kappa Gamma in Knox City last Saturday.

party-wise hostess

Easter Egg Charade

This year, the traditional colored Easter egg will boast of new finery and fancy trimmings... at a lively, informal party... at your house.

Let guests (both young and not-so-young) decorate eggs in competition for a most comical and most beautiful prize. Offer a blue ribbon for the best of the famous personalities division and let everyone guess the name. These are the makings for a laughter-filled Easter Egg Charade Party!

Provide all the necessary trimmings you think could help make an egg beautiful or funny. This could include (in addition to the traditional dyes) ribbon, fancy braid and laces, sequins, "glitter," marking pencils, water color paints, puffs of cotton, colored paper, bits of cloth, empty spoons, etc. And don't forget the tools: paste, scissors, brushes, etc. Oh yes, the eggs—cook plenty to allow for a few discards.

Refreshment Idea

Just before the judging, reward all the thirsty guests with tall mugs of:

Prize-winning 7-Up Party Flip

2 cans (6 ounces each) frozen Hawaiian Punch, thawed
8 bottles (7 ounces each) 7-Up, chilled
2 pints pineapple sherbet

Pour Hawaiian Punch into a pitcher. Slowly pour in chilled 7-Up. Place a small scoopful of sherbet into each glass. Slowly pour 7-Up and Hawaiian Punch mixture over sherbet. Makes 21 quarts or about sixteen (6-ounce) servings. Decorate glasses with maraschino cherries.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

APPOINTMENT BY POPULAR VOTE — Governor Connally, who must make some 850 appointments during his current two-year term of office, decided to let local voters make the decision for him on appointment of a judge for the 100th judicial district.

This district, which embraces Carson, Hall, Donley, Childress and Collingsworth counties, lost its judge with the death of Judge Luther Gribble.

Connally said he will appoint the winner of the Democratic primary election to serve out the remainder of the late Judge Gribble's term. He said, "Since the election is reasonably close at hand, it is my view that the voters should have the opportunity to select a judge of their choosing."

COURT SPEAKS—Supreme Court set arguments for Mar. 18 on a Corpus Christi case testing whether the new Sabbath closing laws can be circumvented by "emergency" purchases.

Nueces County District Attorney Sam L. Jones Jr. pushed the appeal from a Fourth Court of Civil Appeals decision that Shoppers World, Inc. of Corpus Christi complied with the law banning sales of certain items on the Sabbath when it required purchasers to sign certifications of "emergency" before buying.

However, Jones maintains that the certificates amount to a subterfuge, when more than 200 so-called "emergencies" arise on an average Sunday.

SHELL SUIT THROWN OUT — Texas oyster fishermen cannot sustain a lawsuit to nullify the State Parks and Wildlife Commission order permitting shell dredging close to live oyster reefs in Trinity and Galveston Bays.

So ruled District Judge Jack Roberts in agreeing with the position taken by the attorney price received by the producer. During a transitional period after May 1, grain inspectors will, on request, show the grade of wheat under both standards.

general's office that the oystermen have no vested interest in oysters belonging to the state. Therefore, they cannot appeal the commission order.

SHORT SNORTS

Texas Water Commission approved moving of the site of a proposed \$10,200,000 dam on the salt form of Red River seven miles upstream.

Political Announcements

The Hamlin Herald is authorized to announce the following candidates for office in Jones County subject to action of the Democratic Primaries, May 2 and June 6, 1964.

For County Commissioner, Precinct 1:

JOHNNIE AGNEW (Re-election)

BURNIA REID

For County Attorney:

BEN NIEDECKEN, JR.

CHARLES BROWNFIELD (Re-election)

For County Tax Assessor-Collector:

A. J. FRENCH (Re-election)

For State Representative:

ROY ARLEDGE (Re-election)

For Sheriff:

JAMES F. PIPPIN

DAVE REEVES (Re-election)

BILL LONGLEY

For State Senate, 24th district:

DAVID RATLIFF (Re-election)

Texas Animal Health Commission reported only one sample of screwworms for the entire period of December 29 through February 1.

To make carp more edible, remove the backbone with a pair of pliers before cooking. This eliminates most of the muddy taste.

STANDARDS FOR GRADES OF WHEAT TO BE TIGHTENED MAY 1

COLLEGE STATION —The U. S. Department of Agriculture will tighten official United States standards for grades of wheat, effective May 1.

In his announcement, Secretary of Agriculture Orville L. Freeman said the new standards would improve the competitive position of U. S. wheat in world markets; help combat restrictive trade policies in some areas; enable the Commodity Credit Corporation to better guarantee the quality of grain owned by the public; provide substantial taxpayer savings in the export subsidy program; and strengthen the price of wheat for the farmer who grows a quality product.

In general, the new standards — based on smaller ranges of tolerance for grades — will mean less dirt, foreign matter and dockage in American wheat. Quality factors of weight, soundness and cleanliness can be more readily and more precisely measured today than in the past.

Maximum limits are set for "total defects" — damaged kernels, foreign material and shrunken and broken kernels.

Total defects in grade No. 1 have been set at 3 percent, in grade No. 2 at 5 percent. Limits are also set in other numerical grades.

Limits for shrunken and broken kernels are cut from 5 to 3 percent for grade No. 1 and 12 percent for grade No. 2 and 20 percent for grade No. 3.

Minimum moisture content for wheat graded "tough" is reduced from 14 or 14.5 percent (depending on the class) to 13.5 percent for all classes. The change also eliminates moisture as a factor in determining sample grade.

"Dockage" is recorded in half percent with other fractions reduced to the nearest whole or half. Dockage is material other than wheat which may be readily removed by cleaning. It is not a grade determining factor but is recorded on inspection certificates.

These changes, explains Tom Aaron, grain marketing specialist for the Texas Agricultural Extension Service, are intended to better reflect the quality of the wheat in the

Carrot and orange salad
Sugar cookie
Butter and milk

Sunny Teague Pledges TIP Club

Miss Sunny Teague of Hamlin, a freshman at McMurry College in Abilene, is a pledge of TIP Social Club this semester. She is the daughter of Mr. and Mrs. S. A. Teague.

While in McMurry, Miss Teague plans to major in speech. She has not selected a minor course of study as yet.

While in Hamlin High School, she was in the band, Future Homemakers of America, and Spanish Club.

West Texas State University students Kay Johnson, Linda and Joyce Bingham and Robert Brandon were in Hamlin for the week end.

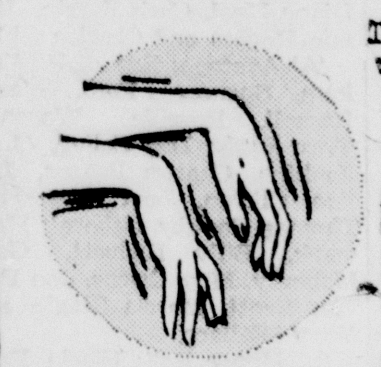

Mr. and Mrs. A. J. Kinegeart were in Amarillo Sunday and Monday. Mrs. Winegeart's mother, Mrs. Frank Dodson, had surgery Monday.

Finding Lost Arrow
If lost, and if you are your building days, try finding the shifts with a reflector tape. Then after dark go looking for them with a flashlight.

Hand Tales

Hands can be as beguiling as a smile. Lovely hands can be achieved with good grooming and the knowledge of how to use them attractively.

Watch how you use your hands. Rest them gently crossed. An occasional movement can be charming, but avoid busy gestures. Tense or nervous hands indicate emotional turmoil and are distracting and annoying to those about you.

To get the feel of relaxed hands, hold them out before you. Let them dangle loosely and shake them. Note how the fingers are down in graceful curves. Now tighten them into a fist. See how hard and tense they look? Loosen and shake them again and you'll get the feel of relaxed, softness. This exercise which you can do any time you have a few seconds to spare, will help you acquire the relaxed hand habit.

Use a silicone hand cream, especially before going out doors and before you start household chores. It will give your hands a lasting protective coating, and turn away water and water-borne irritants. Give yourself a hand-care treatment, not a harsh manicure. To soften cuticle, use bits of cotton dipped in warm olive oil, soaking each nail.

Never go to bed without applying hand cream. For chapped or rough hands, wear loose cotton gloves at night after a good saturation of silicone hand cream.

Your reward will be hands of beauty.

Jones County 4-H Council Has Two Delegates at Meet

Juquan Rister of Hawley and Wayne Mize of Anson, Jones County, 4-H District Council delegates represented Jones County at the District III 4-H council meeting at Roby on Saturday, March 14. They were accompanied by Mrs. D. C. Rister Jr., an adult leader of Hawley and Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent. Seventy-six 4-Hers, adult leaders, and agents from the 22 counties of District III attended the meeting.

Before lunch that was furnished by the Fisher County Farm Bureau and First National Bank of Rotan, the group enjoyed planned recreation.

The business meeting was conducted in the afternoon by the 4-H District Council officers. Fern Hodge and J. G. Simmons, District Agents of Vernon presented council pins.

The group voted to have their Gold Star Banquet in Vernon in December. The exact date to be set later.

Tommy Green of Motley County was elected alternate boy delegate to the State 4-H Council.

The Council selected two adults, a woman and a man from the district to receive a special plaque for recognition of contributions made to the district during the past year. These nominees will be announced at a later date.

HD Agent Gives Tips on Time and Energy Control

by Mary Newberry

Time management is a problem for many people. They plan for better use of time, says worry about failure to get things done without making a Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent, who has been giving demonstrations on time and energy management.

"Timeuse can be analyzed in terms of the familiar questions of what, where, why, when, who, and how," she says.

Persons interested in improving the use of time should plan what they are to do and how much time they allocate to accomplish it. Where they spend their time relates to the question of place, and a worthwhile, well-arranged work area can save considerable time.

Knowing when to do things may pay off in terms of increased productivity immediately, or it may be a matter of "a slitch in time saves nine." An hour for planning early in the day may be worth more than later when one is tired or interest is divided.

Homemakers also need to determine if they are providing a balanced distribution of time among the many planned tasks. They should analyze to see how effectively they are using their time, and if they have the correct environment. Interruptions by telephone calls and visitors can change the work schedule considerably.

Herald to Print Children's Pics In Near Future

By Winston G. Lucas of Irving, Texas

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Thursday, March 26.

Pictures will be taken at the White Plaza Hotel from 10 a. m. to 6 p.m.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures The Better

This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date Thursday, March 26, bring their children to the photographer.

You will be mighty glad afterwards, if you did and very very sorry if you did not permit your children to participate in this event. The kiddes will have fun and both mother and dad and the youngsters too will be very proud to see their pictures in print later.

Appointments may be had by calling Mrs. A. J. Winegeart, SP 4-2284.

bloom 10 days earlier than usual?

Mitchell Jenkins of the North Carolina Agricultural Experiment Station says gladioli will bloom earlier if stored in a warm place just before planting.

In experiments with two varieties, corns stored at 80 degrees for 15 days bloomed 10 days earlier than untreated corns. Flower yields also were higher.

NEWS IN FOODS: POWDERED GRAPEFRUIT JUICE

Another potential new food product from research — powdered grapefruit juice — is ready for market testing to determine consumer acceptance, the U. S. Department of Agriculture reports.

This new powder dissolves in cold water to make a nutritious grapefruit juice with a remarkably fresh flavor, according to scientists of the USDA's Agri-

PAGE 4

THE HAMLIN HERALD MARCH 19, 1964

cultural Research Service and Florida Citrus Commission, who developed the powder.

Like other dehydrated foods, the new grapefruit powder offers substantial savings in shipping and storage costs. Although storage temperatures needed to preserve its quality have not been determined, scientists believe the product will need little or no refrigeration.

SPECIAL SERVICES PRAYER FOR THE SICK

TONIGHT, THURSDAY, MARCH 19 — 7:00 P.M.

REVIVAL SERVICES NIGHTLY AT 7:00 P.M.

Isa. 53:5 "But He was wounded for our transgressions. He was bruised for our iniquities: the chastisement of our peace was upon Him; and WITH HIS STRIPES WE ARE HEALED."

I Peter 2:24 "Who His own self bare our sins in His own body on the tree, that we, being dead to sins, should live unto righteousness: BY WHOSE STRIPES YE WERE HEALED."

James 5:14, 15 "Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: and the prayer of faith shall save the sick, AND THE LORD SHALL RAISE HIM UP; and if he have committed sins, they shall be forgiven him."

Divine healing is based on God's love for us. God so loved the world that He gave His son to die for our salvation, John 3:16 and to bear stripes for our healing. I Peter 2:24.

We claim no power to heal, neither are we "Faith Healers." Only God heals in answer to prayer. James 5:14, 15.

If you have never attended a service where the sick are prayed for, this is your special invitation.

PIPER PATTER MARY LOIS PATTERSON NEW FUTURE HOMEMAKERS PREXY

Mary Lois Patterson, daughter of Mr. and Mrs. La Foy Patterson, was elected president of the Future Homemakers of America in a meeting Thursday night. Miss Patterson is a junior, and she is also active in National Honor Society and the band. Other officers elected were Nancy Ford, vice president; Carolyn Reynolds, Secretary; Marolyn Reynolds, Reporter; Judy Jenkins, Parliamentarian; Darlene Sanders, Historian; Elizabeth Cunningham, Song Leader; Geneva Ward, Pianist; and Glenda Hudspeth, Sergeant-at-Arms. After the election of officers, a book review on The Young Woman in Business was given by Ann Johnson, Judy Jenkins, and Vicki Newland.

"The Worm Shall Squirm", a comedy in three acts, will be presented by the Senior Class Friday night at 8:00 p.m. in the Hamlin High School Auditorium. The fifteen member cast is under the direction of Mrs. L. R. Fowler, with Polly Jackson assisting as student director.

In a student assembly Tuesday, the Citizens of the Month for January and February were announced. Jack Ferguson and Margaret Ann Johnson were

HAMLIN CHILDREN WILL STAR IN MOVIES

Melton Barker will arrive in Hamlin soon to produce a two-reel comedy, according to an announcement by Darwin Barnes, manager of the Rogue Theatre. The picture will be made in Hamlin and around 100 children will be used in the cast.

Mr. Barker is a veteran of this field, having spent 25 years in the business, training children and producing film with them. Mr. Barker says it will take about two weeks to get the cast together and rehearsed so that they will be able to perform for the cameras. Then, it will take around one week to do the shooting.

After the cast has been selected, there will be two or three days of rehearsals, teaching them to act before the sound camera. There will be a small charge for training. However, there will be no charge for registering and try-outs.

Children between the ages of 3 and 14 wishing to try out for parts must register at the Rogue Theatre at once. When the casting director arrives in town, he will get in touch with those who have registered and arrange for tryouts.

When the picture has been completed, it will be shown first at the Rogue.

THE HAMLIN HERALD

HAMLIN, JONES COUNTY, TEXAS 79520, MARCH 19, 1964

STATE CAPITAL

Highlights

AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — For the first time in history, Texas Republicans will have an opportunity to express their preference for the GOP presidential nomination in a statewide straw poll.

Republican Executive Committee voted to hold the presidential referendum on the May 2 primary ballot. The opinion sampling has no binding effect. Principal purpose is to boost the stock of Barry Goldwater and to lure restless conservative Democrats into the GOP primary.

Democratic Executive Committee offered no special vote bonus to keep their own party in the fold.

Leaders of both parties, in simultaneous meetings in Austin, declined to submit requested referendums on sale of liquor by the drink and curtailment of Mexican nationals' commuting to jobs in Texas.

Names of Goldwater, Nelson Rockefeller, Margaret Chase Smith and Harold Stassen will appear on the GOP ballot. Originally the names of Richard Nixon, William Scranton, George Romney and Henry Cabot Lodge were included, but they were asked to be omitted. Rockefeller wanted off. He was told he had to stay since he al-

ready had announced.

Democrats responded warmly to Gov. John Connally's call for all-out support of President Johnson in party conventions. But they squabbled at length before accepting Dallas as the site of their September 15th state convention. Dallas finally won, 23-18 over Corpus Christi.

Connally made clear in a ringing speech urging Johnson support as governor he plans to keep control of the state party.

"It is important . . . to choose people (as convention delegates) who will be as strong for Connally in September as they are for Johnson in June," the Governor stated.

Without dissent the Democrats agreed on Houston as the site for their June 16 state convention to pick national presidential nominating delegates. The state party platform will be written and a new SDEEC selected at the September meeting.

Republicans will hold their June convention in Dallas and their September convention in Austin.

SDEEC Chairman Eugene M. Locke of Dallas resigned at the Democratic meeting and was replaced by Frank Erwin Jr. of Austin. He had served as secretary.

Republicans adopted a resolution calling for a special legislative session on congressional redistricting, and decided to admit registered voters who did not pay their poll taxes (under new federal constitutional authority) to party conventions.

Both committees also got around to their required business: certifying statewide candidates for the primary ballot and selection of a place (Austin) for their May 12 meeting to canvass May 2 election returns.

HOSPITALS LOSING DOCTORS — Texas salaries aren't good enough to keep top doctors on the job at state hospitals, Dr. James M. Schless, director of tuberculosis hospitals, told the hospital board at a recent meeting here.

He cited resignations of doctors at Hartgen State Hospital, East Texas Tuberculosis Hospital, and San Antonio State Hospital and possibility of the McKnight State Hospital clinical director's taking a job in another state.

Key medical jobs in the state institutions pay \$14,000 to \$15,000 a year, plus housing. Schless said the next Legislature will be asked to raise that to \$19,500.

Executive Director Raymond W. Vowell offered the Board of Hospitals and Special Schools a more cheerful note: with completion of new facilities for the mentally retarded (which now house 9,813), the present waiting list of 1,800 may be trimmed to 500 by fall.

Schless also had an encouraging report: average hospitalization period of tuberculosis patients is shorter, and fewer are leaving the hospitals against medical advice. New and improved drugs are offering better hope of quick cure.

STUDY HEARINGS PLANNED — The Governor's Committee on Education Beyond the High School will take its preliminary recommendations before college officials and state legislative groups during late May and June.

Chairman H. B. Zachry, still fighting a running battle with the capitol press over secret sessions of the 25-member committee announced the hearings. He said members will reach a tentative decision on recommendations at a meeting here April 17-18.

Committee has balked at telling reporters anything it has agreed on to date except a coordinating committee for all colleges and junior colleges.

A sub-committee on junior colleges reported a list of specific proposals, however, including a recommendation that no more junior colleges be elevated to four-year status. They also recommended that the state pay all instructional costs of the 23 existing and future publicly-supported junior colleges.

Zachry indicated the Committee will propose a "stair-step" or easy-stages approach to achieving a first class system of colleges and universities. He hinted the Committee will make specific recommendations for financing the proposed upgrading program.

APPOINTMENTS MADE — Governor Connally announced appointments of O. E. Bevers of Lakeview and C. C. Broughton and Russell Jones, both of Childress, to the board of directors of the Upper Red River Flood Control and Irrigation District (Hall, Briscoe and Childress Counties). Bevers and Broughton are reappointments. Jones succeeds the late Dr. Roy H. Barr.

Connally reappointed Ben F. Shipley of Beaumont and Neal D. Reader of Port Arthur to the Pilot Commission for the Sabine Bar, Pass and Tributaries. He also named to the commission Lee Wheat of Beaumont, Bill Sexton of Orange and W. F. Fredeman of Port Arthur.

COMMITTEES MEET — The new steering committee of the governor's Committee on Aging, headed by Sen. Walter Richter of Gonzales, held its initial meeting, as did the governor's 14-member committee studying electronic data processing equipment in use by the state.

TOURIST PROGRAM IN HIGH GEAR — The Texas Tourist Development Agency reports that national advertising is scheduled for summer issues of the New York Times and Chicago Tribune travel sections and for issues of Sunset, Redbook and Reader's Digest magazines. Some 36 travel writers from other states and Canada are due to take a week-long tour of the state in April to gather material for their columns.

COURTS SPEAK — State Supreme Court has agreed with lower courts that a state tax on gas pipelines is unconstitutional. Decision upheld earlier opinions that the dedicated reserve tax cannot be applied to pipelines holding long-term

contracts to take Texas gas to out-of-state consumers. About \$9,000,000 has been paid to the treasury under the levy, \$8,500,000 of it under protest.

High court permitted filing of three mandamus petitions involving election controversies.

It also heard arguments on former Fort Worth Councilman Foyle Willis' suit to get on the May 2 Democratic primary ballot as a senate candidate.

In addition, it scheduled hearings on a suit to keep former Bexar County Commissioner Sam Jorrie off the ballot as a House candidate. Both are challenged under a ruling that holders of paid office are ineligible to run for the Legislature during the term to which they were elected or appointed. Both Willis and Jorrie now are out of their old offices.

Another argument was set on a suit to prevent Robert F. Bartlett of Van Zandt County from running for county and district attorney. J. Alton Mills, another candidate for the Van Zandt post, claims Bartlett has not met residence requirements.

For the second time, the Court of Criminal Appeals affirmed the swindling conviction and eight-year prison sentence of Billy Sol Estes.

BACKTAGGING — The "backtagging" of culls and dry cows may be used to solve the growing problem of certifying all Texas counties for brucellosis eradication. Dr. R. G. Garrett, executive director of the Texas Animal Health Commission, and Dr. John Wilbur, veterinarian in charge of the U. S. animal disease eradication division in Texas, say the backtagging market is in force in several northwestern states.

Under this program, culls and dry cows headed through concentration points on their way to slaughter and marked so that the state, county and herd from which the cow came can be identified.

When the cow goes to slaughter, blood sample is taken and the results of a brucellosis test is recorded. As Dr. Wilbur says, "Brucellosis being what it is, if older female animals are free of the disease, it is pretty certain the herd is free. In this way, about 97 to 98 per cent of the testing could be eliminated."

Dr. Garrett says backtagging could eliminate "down-the-road" testing by between 90 and 97 per cent in a given county.

The animal health officials announced that Texas has entered its third month without a reported case of screwworms. **SHORT SNORTS** — As interest bloomed in Texas bluebonnets, the State Highway Department published instructions on their care and feeding.

Attorney General ruled

that out-of-state manufacturers offering fireworks for sale in Texas must be licensed. . . . A travel information desk operated by the State Highway Department will be open in the State Capitol seven days a week. . . . Texas housewives' chance of buying inedible eggs are only one in 290 today compared to four in 100 five years ago as a result of Texas Egg Law standards and inspection, says Agriculture Commissioner John C. White. . . .

Texas Savings and Loan Department set a March 31 hearing on the application for charter of Kendall Savings Association at Boerne. . . . March is the peak month of the tornado season in Texas. U. S. Weather Bureau warns. . . . Texas water Commission has set a hearing for April 7 on an application by the South Texas Electric Cooperative Inc. to take 223,400 acre feet of water annually from the Guadalupe River in Victoria County.

CHILDREN'S PHOTO CONTEST

PRIZES TOTALING \$20.85

1st - \$9.95 Large Bronze Portrait
2nd - \$5.95 Bronze Tone Portrait 3rd - \$4.95 Portrait

Pictures Of Every Child Photographed
Will Be Published In

THE HAMLIN HERALD

EASY TO ENTER — Simply have your child's photograph taken by WINSTON B. LUCAS PHOTOGRAPHER at NO COST to you. They will show proofs from which you may choose the pose you wish entered in the contest and your child is automatically entered; and at this time you may order photographs for gifts or keepsakes if you wish. (Postage and handling 25¢) but this is entirely up to you. WINSTON B. LUCAS, of Irving, an expert child photographer, will be here to take pictures, with all the necessary equipment to take nice portraits for this exciting event. There is no age limit to this contest — even the tiniest tots enjoy being photographed by our photographer.

This Is A Local Contest!

(CHILDREN MUST BE ACCOMPANIED BY PARENTS or GUARDIAN)

help... THAT'S WHAT YOU GET PLENTY OF WITH YOUR TELEPHONE

Your phone makes it so easy to get things done. Calls to order things, to find out things, to tell the news, to organize activities—or you name it.

The busier you are, the more helpful the telephone is. Day in and day out, your phone is an important part of your busy life.

When you stop to think about it, is there really anything else that helps you so much for so little? Or that is of so much personal value?

SOUTHWESTERN BELL

Making telephone service better to serve you better

For many years the carp was considered absolutely worthless. It was rated as a pest that contained our waters and did no good whatever.

Then an angler caught one of these bronze-colored scrappers on sport tackle. That incident shed new light on the carp's personality. Anti-carp sentiment began to waver slightly. Maybe, just maybe, this carp wasn't as bad as most people led us to believe.

When it comes to public relation, the carp is about the sorriest fish that swims. It has carried this stigma of being a pest for so long it doesn't know how to act in its newest role, that of a sport fish. But many people don't cuss the carp anymore. They're too busy having a ball catching it.

Five years ago it was rare to see anyone fishing for carp; today carp fishermen are fairly commonplace on all our Texas lakes. There is good reason for this upsurge in popularity. A piscatorial survey in the Highland Lakes of Central Texas a few years back revealed, for instance, that the balance of fish population was something like 70 per cent rough fish and 30 per cent game fish.

This means, quite simply, that your odds of catching a rough fish are much better than a game fish.

Which brings us back to a much-debated question. Just what is a game fish? One that will hit a artificial bait? If this is the true guidestick, then the carp can't be classified as a game fish. But on the business end of a fishing line, this stubborn battler does itself proud: It is a strong, grudging scrapper that doesn't know what the word "quit" means.

But just because they are plentiful doesn't mean they are easy to catch. Quite the contrary. Carp, and its kissin' cousin the buffalo, can be just as ornery as a bass at times. The man who succeeds day in and day out, of course, is the person who knows his ABC's of carp fishing technique.

You don't have to travel far to find a supply of catchable carp. They are literally everywhere. All of our man-made lakes carry an astronomical population. So do our streams.

Only worry is getting them congregated in an area. This is best done by baiting. Most popular system is simply to scatter chunks of cottonseed cake in the water or anchor burlap bags of cottonseed meal on the bottom. Carp are attracted to the cottonseed.

Texas Parks and Wildlife Commission (Reagan State Building, Austin) has two free booklets which gives the low-down on carp fishing. They are titled "What the Experts Say About Carp Fishing" and "Let's Go Carp Fishing".

In these booklets there are recipes for concocting your own baits. But many commercial baits now on the market are just as good.

These dough baits are best on a tiny treble hook (about the No. 10 size) since the carp has a small, round mouth. Simply mold the bait around the hook, throw it out and sit back and wait. Carp fishing isn't a fast sport. The persons who succeed at it is long on patience.

A carp roots along the bottom, sucking up food with its rough mouth. It will pick up a bait which is lying still on bottom but will ignore one that is moving at all.

A carp telegraphs its bite in a series of light taps. The secret is having a delicate feel, letting the carp get the bait fully inside its mouth before driving the steel home.

Any kind of tackle is suitable for carp fishing. A medium-sized spinning outfit seems to be the universal favorite.

Contrary to popular belief, aren't too bad on the dinner table. Secret is knowing how to prepare them.

Best method we've found is to chuck the fish and cook in a pressure cooker until the meat falls away from the bones. After removing the bones, mold the meat into patties and fry, just as you would fry salmon croquettes.

When they're a rich golden brown, serve with French fries or hushpuppies. I guarantee everyone will come back for seconds.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D.
 Commissioner of Health

Mankind has always been faced with the riddle of life and death.

This problem increases, as does age, along with maturity and broadening responsibilities, and infectious diseases plagued Centuries ago, war, famine and infectious diseases plagued man and limited life expectancy to about thirty years of age. Now with social reforms and better health facilities, people are building their plans for a lifespan of seventy to eighty years. Unfortunately, many of man's greatest hopes and dreams are swept away by sudden, unexpected death.

Although accidental death and suicide certainly account for many unexpected deaths in America, the greatest cause is heart disease. In Texas, as well as the nation, heart disease takes the greatest percentage of lives each year.

Presently, research personnel all over the world are trying to find the key that unlocks the gateway to a life free from coronary artery disease.

High blood pressure, elevation of the serum cholesterol, emotional stress, obesity, cigarette smoking and decreased physical activity have each been identified as factors increasing the risk of heart disease. Heredity is probably a factor of equal importance.

Just as diabetes requires people to take certain precautions to avoid serious trouble, it may be that people carrying a high risk of heart disease will one day choose to act accordingly. They could steer away from some enemies of healthy heart such as inadequate exercise, overweight and cigarette smoking.

Since emotional stress — call it worry if you like — may contribute to the risk of heart disease, don't do it. Have regular physical examinations instead. Your doctor can discover most forms of heart disease in their early stages, but only if you give him the chance to do so. More serious damage can usually be averted or delayed if the condition is found early and the doctor's instructions are fully carried out.

And if you have heart disease, do what your doctor permits — no more and no less.

Emergency medical care of a person having a heart attack may mean the difference between life and death. But if preventative measures are exercised earlier, you may avoid, or at least reduce the chances of having coronary artery disease.

THE HAMLIN HERALD

PHILOSOPHER HAS A NOVEL PLAN FOR TESTING RESULT OF PROPOSED CUT IN FOREIGN AID

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 considers foreign aid from a different angle, his letter this week reveals. Dear editor:

I have never fully, or even half-way understood the foreign aid program, except that I notice that whatever candidate is running for President against the man already in is generally in favor of cutting it, until he gets in. Then he's persuaded by somebody, or maybe by the facts, that the future of the free world depends on foreign aid.

At any rate, I noticed in the paper the other day that Washington is now considering dropping foreign aid to 12 countries, and I've been thinking.

Here's a golden opportunity to find out something.

What the United States ought to do is hire the Gallup Poll people or some such outfit and station them not only in the 12 countries being cut off

from foreign aid but also in 12 other countries still on the aid list.

Their mission would be to find out which countries are the maddest at the United States — or those being cut off or those still getting help.

It's a funny thing, but the more you help some people the madder they get at you for not helping still more, and as far as I can tell, if two countries are going to be mad at us, there's not much difference whether they're mad for getting no help or not enough, except that the former is cheaper. If I was the banker, I believe I'd just as soon have a man mad at me because I wouldn't let him have any money as one who was mad at me because I wouldn't let him both renew his old note and make a new one for still more.

On the other hand, there may be more to foreign aid than I understand. It's possible. There's more to nearly anything

I can think of than I can understand.

Yours faithfully,
J. A.

YEARS AGO—

FIVE YEARS AGO: Interest of seniors of Hamlin High School in future industrial possibilities was enlisted this week when the Hamlin Board of Community Development agreed to sponsor a local contest among the group in essay writing on "What My Town Can Do To Have More Industry."

Entries are already being received from contestants for the first invitational girl's barrel racing and jackpot calf roping to be staged Sunday, April 5 at the new arena under auspices of the Hamlin Riding Club, reports Mrs. John D. (Dickie) Ferguson, secretary of the club.

TEN YEARS AGO: Hamlin will be host this week end for a boxing tournament for representatives of area towns, according to Don McLaughlin, promoter of the bouts. Three teams of Hamlin High School FFA boys will compete in judging contests this week end for area club teams at A.C.C.

FIFTEEN YEARS AGO: Mayor Holly Toler was instructed this week by the Hamlin City Council to request a federal building for Hamlin. The request will be handled through Congressman Omar Burleson.

I. R. Hutchingson, superintendent of Hamlin Schools, has been elected president of the Oil Belt Teachers Association meeting in Wichita Falls last week end.

TWENTY-FIVE YEARS AGO: Mr. and Mrs. P. F. Fannin and daughter, Myrtle, visited their father, L. F. Fannin, and wife at Odell.

Jones County Agricultural conservation office this week received the first batch of 1933 payment checks totaling \$181,797.77, representing 1,288 checks payable under 844 applications.

E. A. Moore of San Angelo is spending the week here visiting in the home of his niece, Mrs. M. T. Hudson.

THIRTY-FIVE YEARS AGO: Plans for a new high school building for Hamlin that would handle 400 students are being considered by the school board. Plant of the Texas Cement Plaster Company (now Celotex) six miles west of Hamlin, is enlarging its wall board department. New machinery and other facilities will enable the plant to double its present capacity.

PATTERNS FOR PROGRESS

NATURAL RESOURCES

... basic factor in economic development

Many industries are established close to natural resources. One is pictured above — the Bestwall Gypsum Company near Quanah, where gypsum wall board and allied products are made. It is near Quanah because of large gypsum deposits there, and is a perfect illustration of the economic value of a natural resource to a community.

Employing 200 people, it adds payrolls, increases consumer sales, builds deposits in banks such as the one pictured left, and is a major factor in the Quanah economy.

This is a **PATTERN FOR PROGRESS.**

It is because here is a manufacturer using a natural resource. National studies show that each 100 new factory workers in a community increase local personal income by \$660,000, bank deposits by \$229,000, and create 65 new nonmanufacturing jobs, besides increasing all types of consumer sales.

The manufacture of natural resources pays big profits to a community, and almost every community has natural resources subject to development. WTU urges every community to assess and evaluate its own natural resources as a basic step in economic development.

West Texas Utilities Company an investor owned company

A THIRSTY LAND

Men have a thirst and a longing for goodness and righteousness. Even the most parched soul is touched by acts of kindness, forgiveness, and love. Jesus said, "Whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

May all who are thirsty for a oneness with man and with God find satisfaction and fulfillment by attending church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.
